

## Coronavirus and People with Learning Disabilities Study

Wave 4

|           | The Coronavirus and People with Learning Disabilities<br>Study is a research project.  |
|-----------|--|
|           | The researchers have already interviewed over 500 people with learning disabilities.   |
| Cuestions | Around 300 family members or paid carers of people with<br>learning disabilities have already filled in an online<br>survey. |
|           | We did the interviews and the online survey three times during 2021.   |

| Bank of Funding<br>Pay Your Project Di 1/4/12<br>Over Thousand Pounds<br>Oco   | The researchers have been given some money to talk to<br>people with learning disabilities and their family members<br>again for a fourth time. We are calling this 'Wave 4' of the<br>research. |
|--|--|
|  | The researchers will work with organisations who work<br>with people with learning disabilities and their families<br>again.   |
