

Completing an MCQ Bubble Sheet

Instructions

- Have a pencil and eraser with you
- One response per question unless the instructions say otherwise. If you fill in more than one answer when not required, the answer will be marked as incorrect
- Fill in the bubbles completely - no check marks, circles, X's, or partial shading as they may not get read by the scanner.
- Erase completely if you change an answer. Stray marks can cause scoring errors.
- Stay inside the lines of each bubble to ensure the scanner reads it correctly.
