

12th Warwick Economics PhD Conference

28th - 30th May 2024

Call for Papers – Submit by 31st January, 2024

Dear PhD students,

Registration for the 12th annual **Warwick Economics PhD Conference** is now open. This year the event will take place on **28th- 30th May 2024 at the University of Warwick**.

The event will be held in person at the premises of the University. This event is organized by PhD students at the Warwick Economics Department and attended by faculty members. This is an exceptional opportunity to receive feedback on your work, to understand what your international colleagues are working on, to build up networks, and to improve your presentation skills.

Each year, the Conference features keynote speeches delivered by professors from Warwick's own faculty. We are delighted to announce professors [Anant Sudarshan](#) and [Dita Eckardt](#) as our 2024 keynote speakers.

The conference papers will be evaluated by a scientific committee, consisting of Warwick Economics Faculty members and PhD students. Papers from Economics and related disciplines are invited. We are not looking for polished papers exclusively; early-stage projects are also welcome. Please find submission instructions overleaf.

We look forward to receiving your application.

Organizing Team

Andrea Guerrieri D'Amati
Falak Arrora
Immanuel Feld
Johannes Brinkmann
Menna Bishop

Submission Guidelines

Please submit an **extended abstract** of **strictly no more than 3 pages (references excluded)**. Abstracts can contain figures and tables - within the 3-page limit with at least one-inch margins and font-size of no less than 11.

The abstract should clearly outline the contribution, methodology, data (if the paper has an empirical section) and key findings/results of the paper. **Please ensure that the abstract does not contain your name, institution, or any other identifying information.** Failure to comply with the requirements will result in your submission being automatically rejected. Single and co-authored papers are welcome, **excluding papers co-authored with professors.**

Please specify whether you would like your project to be considered for the presentation session (20 minutes), for the flash session (5 minutes) or for both. Presenters are additionally expected to serve as discussants for a fellow presenter's paper, according to their field of research. We will always prioritise allocating a slot in the presentation session if both options are selected. We will compensate travel and accommodation costs for accepted participants.

The **deadline** for submission is **31st January, 2024 (Midnight GMT)**, but we strongly encourage early submissions. We kindly ask each applicant to submit **only one application** under their name: if multiple abstracts are submitted by the same author, only the earliest application will be evaluated. Applicants will be notified on the application outcome via email **by mid March**
