

POSTGRADUATE TAUGHT STUDY

# ECONOMICS

# WELCOME TO OUR COMMUNITY

We offer a postgraduate education that is distinctive in many ways. For students continuing their studies to master's level, we provide an unbeatable combination of strong core studies, an exceptionally wide array of specialist options, and the value of conducting academic research with the guidance of experts. Our innovative curriculum across our postgraduate taught programmes provides outstanding training in economics which is both intellectual and professional.

We established ourselves at the forefront of both economic research and education in the UK and beyond. In the most recent Research Excellence Framework (REF) 2021\*, we were ranked joint second nationally for the percentage of research classified as either 'world leading' or 'internationally excellent', and this world-leading research informs our postgraduate teaching. In addition to this, we were recently ranked first in the Good University Guide 2023, fourth in the Complete University Guide 2023 and 25th in the QS World University Subject Rankings 2022.

We provide unique opportunities to develop your research skills and to undertake a dissertation supervised by one of our well-qualified faculty. We are also very proud of our global outlook, which informs the subject matter of much of our teaching. Our diverse student cohort means that you will build a network of contacts from around the world.

We aim to ensure that you will graduate with a degree from one of the best economics departments in the UK and that you will reach your full potential during your time here. As well as being taught by top-class teachers and researchers, we work hard to make your experience memorable. We want to provide you with valuable opportunities to enhance your CV, giving you a flying start to your career.

We hope this brochure gives you a detailed overview of what we can offer but if you have any questions, we'd love to hear from you at: [economics.pgoffice@warwick.ac.uk](mailto:economics.pgoffice@warwick.ac.uk)

## OUR VALUES

If you decide to study economics at Warwick, you'll be joining a community of talented, hard-working and ambitious staff and students. In the Department, we are proud to foster an environment of mutual respect and inclusion in which all staff perform to the highest standard and all students can enjoy a world-class learning experience - where differences in culture and identity are celebrated, the difference of opinion is welcomed and respected and where prejudices and socially unacceptable behaviours of any kind are never tolerated.

## OUR KEY PRINCIPLES

### Respect

Everyone within our community has the right to be treated with dignity and respect, regardless of any protected characteristic.

### Integrity

We are guided by the principles of integrity, fostering an open and positive environment that is inclusive to all.

### Accountability

We have a personal responsibility to commit to these values and hold ourselves accountable for our words and actions.

# WHY ECONOMICS AT WARWICK?

We're proud of our consistently high rankings, but we know that as a top student all of your university choices will be world-renowned, so what else can Warwick offer you?

## AN OUTSTANDING STUDENT EXPERIENCE

On top of an advanced education in economics, we offer a wide range of extra-curricular activities to enrich your student experience, including a guest lecture series, student conferences and social events.

[Find out more on page 24](#)

## A SUPPORTIVE LEARNING ENVIRONMENT

During your course, we understand that you may need additional support with your academic studies outside the classroom. Throughout the year we provide academic and pastoral support to any student who needs it.

[Find out more on page 20](#)

## GLOBAL OPPORTUNITIES

Our global outlook informs the subject matter of our teaching and so you will receive lectures from world-leading researchers.

[Find out more on page 20](#)

## OPTIONAL MODULES

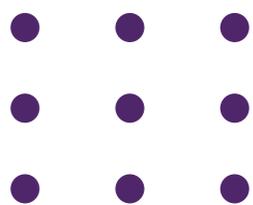

You can choose optional modules such as behavioural economics and environmental economics. You'll also have many opportunities to apply the principles of economics to practical study. This means that what you are learning is highly relevant to real-world issues.

[Find out more from page 8](#)

## DEDICATED CAREER SUPPORT

As well as being taught by top-class teachers and researchers, we work hard to make your experience memorable. We want to provide you with valuable opportunities to enhance your CV and develop key transferable and professional skills, allowing you to make a flying start to your career.

# OUR POSTGRADUATE PROGRAMMES

## MSC ECONOMICS

Our MSc in Economics provides dedicated and advanced teaching in the core areas of macroeconomic and microeconomic theory, econometrics and research methods, with the opportunity to choose from an interesting portfolio of optional modules.

At the end of the course, you will be able to read and understand research papers and articles in academic journals, build simple theoretical models, initiate empirical research and evaluate its findings.

**COURSE CODE** L1P6

**QUALIFICATION**  
Postgraduate Taught (MSc)

**DURATION** 1 year (full-time)

**ENTRY REQUIREMENTS**  
2:1 honours degree (or equivalent) specialising mainly in economics

**STUDENT NUMBERS**  
Approximately 140 postgraduate students enrol onto our MSc Economics programme each year.

### COURSE STRUCTURE

Following a Pre-sessional Mathematics and Statistics course, the following basic course structure applies to the MSc Economics programme:

#### CORE MODULES

- Microeconomics A or Microeconomics B\*
- Macroeconomics A or Macroeconomics B\*
- Quantitative Methods: Econometrics A or Quantitative Methods: Econometrics B\*\*
- Dissertation

Plus three optional modules

#### OPTIONAL MODULES

Optional modules can vary from year to year. Example optional modules may include:

- Behavioural Economics
- Health Economics
- Environmental Economics
- Applications of Data Science
- Labour Economics
- Development Economics
- Topics in Applied Macroeconomics
- Topics in Public Finance

\* The Microeconomics and Macroeconomics modules will develop your understanding of advanced economic analysis, with more applied versions (A) or more technical/theoretically orientated versions (B). As a guide, we expect students opting for the B versions of Microeconomics and Macroeconomics to have obtained the equivalent of a First class mark (70%) in their undergraduate studies, though we will consider a request to take a B variant even if that prerequisite is not met, but restrictions may apply.

\*\* Econometrics A covers fundamental econometrics research skills and Econometrics B will supplement the development of these key and fundamental professional skills by looking at more advanced topics.

**Please note:** Our course and module content and schedule are continually reviewed and updated to reflect the latest research expertise at Warwick, so it is therefore very important that you check the website for the latest information before you apply and when you accept an offer.

[View all of the current year's modules](#) ➤

## MSC ECONOMICS AND INTERNATIONAL FINANCIAL ECONOMICS

Our MSc in Economics and International Financial Economics is designed to link economic theory and empirical economics with the practice of international finance.

The course will provide you with a thorough grounding in advanced core areas of economics, microeconomic and macroeconomic theory, econometrics and research methods, plus the opportunity to specialise in international financial economics, engaging in contemporary theoretical and empirical debates.

**COURSE CODE** L1P7

**QUALIFICATION**  
Postgraduate Taught (MSc)

**DURATION** 1 year (full-time)

**ENTRY REQUIREMENTS**  
2:1 honours degree (or equivalent) specialising mainly in economics

**STUDENT NUMBERS**  
Approximately 50 postgraduate students enrol onto our MSc Economics and International Financial Economics programme each year.

### COURSE STRUCTURE

Following a Pre-sessional Mathematics and Statistics course, the following basic course structure applies to the MSc Economics and International Financial Economics programme:

#### CORE MODULES

- Microeconomics A or Microeconomics B\*
- Macroeconomics A or Macroeconomics B\*
- Quantitative Methods: Econometrics A or Quantitative Methods: Econometrics B\*\*
- Dissertation

Plus three optional modules

#### OPTIONAL MODULES

Optional modules can vary from year to year. Example optional modules may include:

- Topics in Global Finance
- Economics of Financial Markets
- Game Theory
- International Trade
- Monetary Economics
- Topics in Public Finance

\* The Microeconomics and Macroeconomics modules will develop your understanding of advanced economic analysis, with more applied versions (A) or more technical/theoretically orientated versions (B). As a guide, we expect students opting for the B versions of Microeconomics and Macroeconomics to have obtained the equivalent of a First class mark (70%) in their undergraduate studies, though we will consider a request to take a B variant even if that prerequisite is not met, but restrictions may apply.

\*\* Econometrics A covers fundamental econometrics research skills and Econometrics B will supplement the development of these key and fundamental professional skills by looking at more advanced topics.

**Please note:** Our course and module content and schedule are continually reviewed and updated to reflect the latest research expertise at Warwick, so it is therefore very important that you check the website for the latest information before you apply and when you accept an offer.

## MSC BEHAVIOURAL AND ECONOMIC SCIENCE - ECONOMICS TRACK

This course is offered jointly by the Department of Economics and Department of Psychology in the growing area of decision science and behavioural economics.

The course emphasises both theoretical foundations and real-world application and is for you if you intend to work in a business environment (e.g. consumer-led industries and the financial sector) and if you are concerned with public policy and its implementation. The course also provides an excellent foundation for those intending to undertake further postgraduate research. The economics variant of the course is designed for students with a first degree in economics. A science track is offered by the Department of Psychology and is available if you have a first degree in science.

**COURSE CODE** L1P7

**QUALIFICATION**  
Postgraduate Taught (MSc)

**DURATION** 1 year (full-time)

**ENTRY REQUIREMENTS**  
2:1 honours degree (or equivalent) specialising mainly in economics

**STUDENT NUMBERS**  
Approximately 30 postgraduate students enrol onto our MSc Behavioural and Economic Science (Economics Track) programme each year.

### COURSE STRUCTURE

Following a Pre-sessional Mathematics and Statistics course, the following basic course structure applies to the MSc Behavioural and Economic Science (Economics Track) programme:

#### CORE MODULES

- Microeconomics A or Microeconomics B\*
- Quantitative Methods: Econometrics A or Quantitative Methods: Econometrics B\*\*
- Issues in Psychological Science
- Methods and Analysis in Behavioural Science
- Behavioural and Economic Science Project

Plus five optional modules

#### OPTIONAL MODULES

Optional modules can vary from year to year. Example optional modules may include:

- Experimental Economics
- Behavioural Economics
- Psychological Modules of Choice
- Behavioural Change: Nudging and Persuasion
- Neuroeconomics
- Bayesian Approaches to Behavioural Science
- Principles of Cognition
- Behavioural Ethics
- Behavioural Finance

\* These modules will develop your understanding of advanced microeconomic analysis, with a more applied version (A) or a more technical/theoretically orientated version (B). As a guide, we expect students opting for the B version to have obtained the equivalent of a First Class mark (70%) in their undergraduate studies, though we will consider a request to take a B variant even if that prerequisite is not met, but restrictions may apply.

\*\* Both modules are taught in Term One. Econometrics A covers fundamental econometrics research skills and Econometrics B will supplement the development of these key and fundamental professional skills by looking at more advanced topics.

**Please note:** Our course and module content and schedule are continually reviewed and updated to reflect the latest research expertise at Warwick, so it is therefore very important that you check the website for the latest information before you apply and when you accept an offer.

[View all of the current year's modules](#) ➤

## MSC FINANCE AND ECONOMICS

This programme is jointly offered by the Department of Economics and Warwick Business School (WBS) ensuring that you'll be taught by experts in both areas.

This course is ideal for you if you already have a strong grounding in economics, maths and quantitative techniques, and want to learn to apply your knowledge to finance. The MSc in Finance and Economics will provide you with the skill sets required to start or enhance a career in finance, economics or management.

**COURSE CODE** C8P8

**QUALIFICATION**  
Postgraduate Taught (MSc)

**DURATION** 1 year (full-time)

**ENTRY REQUIREMENTS**  
High 2:1 honours degree (or equivalent) specialising mainly in economics

**STUDENT NUMBERS**  
Approximately 50 postgraduate students enrol onto WBS's MSc Finance and Economics programme each year.

## COURSE STRUCTURE

You will take eight compulsory modules that cover key materials in finance, economics and econometrics and two optional modules which allow you to focus on your preferences.

### CORE MODULES

- Asset Pricing
- Corporate Financial Management
- Econometrics
- Empirical Finance
- Macroeconomics
- Microeconomics
- Ethics, Financial Regulation and Corporate Governance
- Research Methodology
- Dissertation

**Plus two optional modules**

## OPTIONAL MODULES

Optional modules can vary from year to year. Example optional modules may include:

- Alternative Investments
- Behavioural Finance
- Derivative Securities
- Financial Reporting and Statement Analysis
- Judgement and Decision-making
- Financial Risk Management
- Fixed Income and Credit Risk
- International Financial Management
- Big Data Analytics
- Practice of Investment Management
- Mergers and Acquisitions and Corporate Control
- Topics in Global Finance
- Topics in Public Finance
- Behavioural Economics
- Development Economics
- Topics in Applied Macroeconomics
- Topics in Applied Microeconomics
- Labour Economics

\* You should note that the optional modules list may sometimes change due to staffing changes, or as we make adjustments to the curriculum.

## DIPLOMA PLUS MSC IN ECONOMICS

The Diploma plus MSc programme is available for those who plan to convert from a first degree subject other than Economics to a Master's in Economics.

Following a successful completion of the Diploma to a required standard you will then be eligible to progress onto our MSc programmes in Year Two.

### THE COURSE

The Diploma provides training in the core components of modern economic analysis and appropriate quantitative methods. You will acquire the ability to analyse economic problems, both empirically and theoretically, developing knowledge of economic trends, institutions and policy.

Our cutting edge curriculum will not only teach you the necessary technical skills but will also teach you to think like an economist so you can apply your learning anywhere. This gives you a competitive advantage and our graduates are highly sought after by employers due to this formidable training. This is a challenging and intensive course as it consists of the main second-year undergraduate modules which have been designed for students who have already completed a year of undergraduate economics study.

There is additional teaching to support you in the first few weeks but there is a lot to learn very quickly. We help to prepare you over the summer by sending out reading materials and preparatory work and exercises.

### COURSE STRUCTURE

Following a week-long pre-session course, you will take three core modules and up to two optional modules. Following the successful completion of the first year (Diploma), students then progress to the MSc in Economics.

### CORE MODULES

- Macroeconomics 2
- Microeconomics 2
- Econometrics 1

Plus two optional modules

### OPTIONAL MODULES

Optional modules can vary from year to year. Example optional modules may include:

- Economics of Money and Banking
- Environmental Economics
- Mathematical Economics 1A
- Econometrics 2: Time Series
- International Trade

#### COURSE CODE L1PA

#### QUALIFICATION

Postgraduate Taught (Diploma plus MSc)

**DURATION** 2 years (full-time)

#### ENTRY REQUIREMENTS

2:1 honours degree (or equivalent) with strong background in Mathematics and Statistics.

#### STUDENT NUMBERS

Approximately 25 postgraduate students enrol onto our Diploma plus MSc Economics programme each year.

**Please note:** Our course and module content and schedule are continually reviewed and updated to reflect the latest research expertise at Warwick, so it is therefore very important that you check the website for the latest information before you apply and when you accept an offer.

[View all of the current year's modules](#)

# ENTRY CRITERIA

Admissions to our courses are very competitive so it is essential that you read the entry criteria to ensure you meet our requirements before applying.

## DIPLOMA

For entry to our Diploma, we require an undergraduate degree of at least upper second-class honours standard from a British university or the equivalent from an overseas university. You must also have a strong background in Mathematics and Statistics.

This means you should have achieved a good standard in quantitative modules as part of your undergraduate degree, or have at least an A grade at A level Mathematics (or equivalent).

If your first language is not English you must provide documentary evidence that you can understand and express yourself in written and spoken English (IELTS 6.5 is required). Places on the Diploma are limited, so you should submit your application as early as possible.

If you are an international applicant and need to obtain a student visa, you will need to leave plenty of time for this process.

## MSc

For our MSc programmes, we require an undergraduate degree specialising mainly in economics, of first or upper second-class honours standard from a British university, or the equivalent from an overseas university. In addition, you should have achieved a good standard in undergraduate courses in microeconomics, macroeconomics and econometrics/economic statistics at an intermediate level.

The MSc Economics is a quantitative degree and students will need to be competent in several areas of mathematics. Whilst formal techniques are taught as part of the MSc course, prior training in these areas is expected.

You will need to be competent in the following areas of mathematics: calculus, functions of several variables, partial derivatives, constrained optimisation using Lagrange multipliers, matrix algebra and linear equations.

The following areas of statistics are also essential: probability theory, distribution theory (binomial, normal and associated distributions), sampling theory, statistical inference, interval estimation, hypothesis testing (means and variances) and least squares regression.

A full transcript should be included with your application.

You are encouraged to provide your GRE General Test score report if you have taken the test in the last five years. Places on our Postgraduate Taught courses are limited, so you should submit your application as early as possible. If you are an international applicant and need to obtain a student visa, you will need to leave plenty of time for this process. If your first language is not English you must provide documentary evidence that you can understand and express yourself in written and spoken English (IELTS 6.5 is required).

# YOUR LEARNING EXPERIENCE

We offer an advanced, internationally focused education in economics that is both intellectually demanding and professionally relevant, applying economic modelling to both traditional and atypical spheres of analysis such as health economics and development economics.

Teaching in the Department is strongly research-led. This means you'll be learning from some of the best known and most original academics in the UK.

Throughout the degree, you will have the opportunity to apply core principles and theories of economics to real-life problems and issues. This means that what you are learning is highly relevant to real-world issues. You will also be expected to undertake independent study, and there is a range of facilities available both on and off-campus to help you further your own research and learning and become an independent, active learner.

## CLASS SIZE

### DIPLOMA

Lecture size will vary, especially for the optional modules, but also for core lectures. Some of the larger modules may have 200-450 students and weekly classes typically average around 15-20 students.

### MSC

Depending on the cohort of students, core modules range from 50-175 students and classes have typically around 15 students.

## CONTACT HOURS

You will receive an average of 8-10 hours of lectures and 3 hours of classes per week.

## ASSESSMENTS

Assessment is through formal examinations, coursework and for MSc students, an individually supervised research dissertation.

Feedback is a vital part of the assessment process, as it helps you to reach your full potential by identifying the strengths and weaknesses of your work and the actions needed to develop your understanding and enhance your performance.

Feedback is provided in a variety of ways, including: grades and comments on marked work, solutions to problem sets, verbal feedback from tutors and peers in lectures and classes, advice and feedback hours with academic staff and personal tutor meetings.

## ADVICE AND FEEDBACK HOURS

All teaching staff post a schedule of times when they are available each week during term time to provide you with advice and feedback. This is your chance for a one-to-one conversation about any academic queries you have. Outside of these hours you are of course welcome to contact academic staff by email or telephone.

# OUR RESEARCH

We have a reputation for the wide-ranging impact of our research.

Our postgraduates are integral to our strong research community, contributing significantly to our reputation for excellence. As one of the leading centres for research in Europe, we'll encourage you to push the limits of your academic curiosity.

## RESEARCH GROUPS

Research in the Department is based on several Research Groups, each of which has its own seminar or workshop series: Development and History; Econometrics and Labour; Experimental and Behavioural Economics; Macroeconomics and International Economics; Microeconomic Theory and Political Economy & Public Economics.

## RESEARCH CENTRES

We host several prominent research centres that reflect our breadth of study.

### CAGE Research Centre

conducts independent policy-driven research informed by history, culture and behaviour. Their aim is to move beyond traditional measures of economic success to consider broader influences on global prosperity; from cultural and behavioural attitudes to voter preferences and political institutions. They analyse historical and contemporary data to draw out lessons for modern policy. CAGE is supported by the Economic and Social Research Council (ESRC).

Find out more at: [warwick.ac.uk/cage](http://warwick.ac.uk/cage)

### The Centre for Research in Economic Theory and its Applications (CRETA)

coordinates collaborative research in economic theory, its applications and in multi-disciplinary projects with related disciplines such as applied mathematics, biology, philosophy and political science.

Find out more at: [warwick.ac.uk/fac/soc/economics/research/centres/creta/](http://warwick.ac.uk/fac/soc/economics/research/centres/creta/)

### Quantitative and Analytical Political Economy Research Centre (QAPEC)

provides a framework to coordinate collaborative research in quantitative and analytical political economy within the University of Warwick as well as with the Centre's UK and international networks and partners.

Find out more about our research 

# BEYOND STUDY

As an economics student at Warwick, you'll receive both an outstanding academic education and a rich and rounded experience outside of the lecture hall.

We believe it's important to invest in the whole student experience and welcome you into our community. Through our extracurricular activities and dedicated support, you'll enhance your CV, network with businesses and policymakers, and get to know your fellow students.

## INDUCTION

As an MSc student, you'll benefit from a dedicated pre-session course on Maths and Statistics ensuring that you are fully up to speed at the start of the programme. Our full induction programme typically includes a quiz, welcome reception, and introductory meetings with course directors. As a Diploma student, you will benefit from a weeklong pre-session programme and bespoke induction programme. This includes an introduction to STATA to ensure you are up to speed when you start this intensive course.

## GUEST LECTURES

All postgraduates are welcome to attend the Department's seminar programmes which feature external speakers and provide a window to the wider research community. There are approximately 4-5 seminars per week covering various topics including macroeconomics, microeconomics and econometrics. Our guest lecture series provides an excellent opportunity for you to engage with policymakers, practitioners and influential decision makers.

## SOCIALS

We think it's important to provide you with opportunities to relax and get to know both your peers and tutors outside the classroom. Recent socials have included sport events, Christmas dinner and a summer celebration.

## FACILITIES

MSc and Diploma students have the exclusive use of new social and study areas in the Department. The social area is equipped with some comfortable chairs and coffee tables for relaxing, kitchen facilities and spaces for group work. The Department also has three Bloomberg terminals. The University also provides many private study spaces, including the Postgraduate Hub, the Library and Learning Grid.

# SUPPORTING YOU

Warwick is a close-knit community so it's easy to find someone to talk things over with. However, we recognise that there are times in university life when a little extra professional support may be helpful.

This support comes in a variety of ways, aimed at strengthening different aspects of your academic studies, including support with module content and preparation for assessments. Each member of the academic team in the Department offers advice and feedback hours, and there is always someone on hand to help.

## Postgraduate Office

Our Postgraduate Office Team will be your first port of call for any enquiries

## Personal Tutor

You will be assigned a Personal Tutor, to whom you can talk about any matter, academic or personal, on which you need guidance or advice.

## Advisor to Overseas Students

The Advisor to Overseas Students provides a source of additional support to any student studying in the Department of Economics from overseas, helping them to adjust to studying in the UK.

## Advisor to Female Students

The Advisor to Female Students provides a source of additional support to any female studying in the Department, as part of our aim to ensure that our female students receive appropriate support to achieve their full potential.

## Senior Tutor

The Senior Tutor is responsible for the Economics Pastoral Care System and also takes a broader approach to your academic support. You can speak to the Senior Tutor for confidential advice and support on a variety of areas such as personal, family and medical concerns, or added support that you might require for your academic studies.

## Director of Student Engagement and Progression (DSEP)

The DSEP acts as a champion for the student voice in the department and is responsible for enhancing the student experience.

## Director of Graduate Studies (Taught Degrees)

The Director of Graduate Studies (Taught Degrees) is responsible for the design and delivery of high-quality teaching and learning opportunities for Postgraduate Taught students.

## Graduate Student-staff Liaison Committee (GSSLC)

Our GSSLC allows student representatives to meet with staff to discuss the learning experience and make suggestions for continuous improvement.

## Further Support

As well as our departmental support you'll also have access to everything the University has to offer. This includes:

- Counselling Service
- Disability Services
- University Health Centre
- Chaplaincy
- Student Advice Centre
- Residential Life Team
- Dean of Students
- Mental Health and Wellbeing Team
- Induction Team
- Student Funding
- Community Safety
- Student Immigration

[View further support](#) ✨

# CAREERS AND EMPLOYABILITY

Studying economics with us will enable you to develop transferable skills in analysis, problem solving, computing and handling statistics, and will provide the springboard you need to hit your career targets.

Throughout your student experience both in and out of the lecture hall, you'll find yourself learning skills that will help strengthen your employability skills. You will also be supported in reflecting on these experiences and articulating them to employers.

## 89%

of Warwick Economics Postgraduate Taught students went onto graduate-level work, study or both, within 15 months of successful course completion from Warwick in 2019/20.

## £36K

was the median salary of this cohort of students whose main employment was full-time work in the UK\*

\*Derived from the Graduate Outcomes survey published in July 2022. Contains HESA data: Copyright Higher Education Statistics Agency Limited 2022. HESA cannot accept responsibility for any inferences or conclusions derived by third parties from its data.

## DEDICATED SUPPORT

The Student Opportunity team can help with devising and implementing your long-term career plans. They run a programme of employer-led skills workshops and presentations, and host careers fairs attended by a wide range of employers. Whatever you're interested in there'll be something to suit you. Your first introduction to the careers service is provided during week one to ensure you get off to a flying start.

You can book career guidance appointments with our Economics Senior Careers Consultant and attend drop-in sessions for guidance on your job applications. Support can also be provided by email and online whilst you are away from campus. If you join us as an MSc student, you will also receive tailored careers workshops designed especially for economics students.

The Department organises in-person and online careers seminars with alumni and external speakers from a varied range of careers after graduating with a degree in economics.

[Find out more about Student Opportunity](#)

## E-MENTORING PROGRAMME

Our E-mentoring scheme allows you to connect with our former students to gain insights and connections that can help make your career dreams a reality. Your mentor will share advice and personal experiences, and you'll gain a new perspective on the possibilities open to you after graduation.

## WARWICK INTERNSHIP SCHEME FOR ECONOMISTS (WISE)

Our Warwick Internship Scheme for Economists will allow you to add to your CV and gain an insight into how an academic department operates. You will have the opportunity to apply to work as a paid intern for the Department and gain valuable skills for employment such as communications skills, report writing, event organisation and project management. You will work with colleagues to support research, teaching and broader departmental activities.

## GRADUATED DESTINATIONS

Our graduates go onto pursue different career choices across the globe. Some recent job titles include:

- Accountant
- Business Analyst
- Civil Servant
- Financial Analyst
- Fund Manager
- Macroeconomist
- Research Assistant

## AFTER GRADUATION

You'll be joining a worldwide community of over 236,000 alumni who share your curiosity and ambition. Support and opportunities available to our alumni include:

- An e-mentoring scheme supporting both graduates and students to build their networks and expand their opportunities.
- Career advice: You can continue to receive free careers support after graduation.
- An Alumni swipe card: Take advantage of campus facilities including the Sports and Wellness Hub, Learning Grid and Library.

# YOUR APPLICATION

Admissions to our course are very competitive so you must follow the instructions clearly and read the entry criteria on our course pages to ensure you meet our requirements. The step-by-step guide shows the admissions process.

## HOW TO APPLY

### Step 1: Choose your course

Select the course you wish to apply for and check you meet the entry requirements which can be found online. We hold regular live chats online so you can chat with academic and admissions staff about studying economics at Warwick.

[View all courses at Warwick](#) ✨

### Step 2: Apply Online

Apply for the course online. Places on taught postgraduate courses are limited so you should submit your application as early as possible. You will need to upload transcripts from your university-level study and evidence of your English language proficiency.

[How to apply](#) ✨

### Step 3: Receive your decision

Your application will be reviewed, and you will receive your decision via email. The decision will be one of the following:

- Conditional (if you still need to meet entry requirements)
- Unconditional (if you already meet entry requirements)
- Reject

If an offer is made you will also receive an email from the Postgraduate Admissions Team explaining the next steps.

### Step 4: Confirm Offer

Confirm if you wish to accept or decline your offer online at [warwick.ac.uk/pg-offerholders](http://warwick.ac.uk/pg-offerholders). If you have been made a conditional offer, please meet the conditions as soon as possible.

# FREQUENTLY ASKED QUESTIONS

## Is there an application deadline for MSc Courses?

There are three rounds of application deadlines for our MSc courses. You can view these [here](#).

## Where can I get information and help regarding my Visa?

For information and guidance regarding your Visa, please see the following webpage: [warwick.ac.uk/immigration](http://warwick.ac.uk/immigration). You can also find details on obtaining your Confirmation of Acceptance for Studies (CAS).

## May I attempt the MSc Courses on a Part-Time basis?

Our MSc courses are designed as 12-month, full-time courses, with teaching being delivered throughout the week. Some students who are working at the time of application have arranged a year-long sabbatical from their jobs to take the course.

## Is there an application fee for Postgraduate courses?

You will need to submit an application fee alongside your application. The current fee is £60.

## Equality in admissions

We are committed to equality of opportunity, as stated in our Equal Opportunity Policy. We welcome applicants from anyone with the potential to succeed in higher education. The University aims to avoid unfair discrimination on whatever grounds, including gender.

# FEES AND FUNDING

We want to ensure that, wherever possible, financial circumstances do not become a barrier to studying at Warwick. The following information is relevant to students commencing their studies in 2023.

These are the fees for 2023 entry which may be subject to increase for future years. Please check the University's website for the latest information.

Course	Home	Overseas
MSc Economics	£25,930	£29,330
MSc Economics and International Financial Economics	£25,930	£29,330
MSc Behavioural and Economic Science (Economics Track)	£25,930	£29,330
MSc Finance and Economics (WBS)	£31,500	£37,000
Diploma (Year 1)	£22,635	£22,635

[Check our latest fees](#) ✨

You will be sent an invoice for your tuition fees at the start of the academic year.

## SCHOLARSHIPS

There are a limited number of scholarships available for students looking to undertake an MSc in Economics.
