### CLIMATE AND CLOTHING

What is the climate like compared to England?

Balmy. It isn't cold! Saying that, the weather is even more unpredictable and can be hot/cold/anything in between. Winters are colder though, because there isn't central heating in halls.

What type of clothing do you need?

I have largely summer clothing with some warmer knits. Nothing too warm.

### SOCIALISING

Is the entertainment similar to England?

You can go clubbing, drinking, sing karaoke, eat dim sum at 3am etc. More lively than Warwick – everything's close by and LKF (Lan Kwai Fong) is a strange intersection of streets nearby with clubs, so you can easily go club hopping.

Is there an orientation week, such as the one at Warwick where you are introduced to other students from other overseas Universities?

Not really.

### INFORMATION

Is there any information you wish you had known before you left?

Choose your modules before hand – look at their assessment methods and decide on what you want first!! You can add and drop during the week but some of them have a fixed capacity. It's just a lot easier if you settle it first.
