Subject: MODULE MARKS NOW AVAILABLE - FORMAL NOTICE

Categories: Law - Student Email Archive

Dear Intermediate Year Student

Thank you for your patience whilst we have worked to provide missing marks and review your grade profile at a Board of Examiners. The Department Board of Examiners has approved your module marks and these are now available for you to view in Tabula.

If you have been awarded the credit for a module but the mark is blank, this is a force majeure compensated pass. A force majeure compensated pass is granted if you progressed but failed a module for which you were not offered reassessment. The module is counted as a pass for the purposes of credit requirements for Award but will not contribute to your year or classification average.

You may see that module marks are blank in some cases – this may be because a force majeure compensated pass has been granted. For more information on this, [please see this FAQ](#).

Please note that it is not possible to make an appeal if you have progressed. If you think there is an error with your module or component marks, please contact your department (and include details of what you think the problem is).

You can access support and advice around appeals through the [Wellbeing and Student Support](#) and the [Students' Union Advice Centre](#). Please note, responses may be delayed during the Christmas period due to closure over the break. The opening times for services on campus can be found [here](#).

Thank you again for your patience, and have a wonderful Christmas break.

Best wishes Maggie

Dr Margaret O'Brien
