

Adding wbs.ac.uk to the list of trusted domains

Scenario

You have been asked to add wbs.ac.uk to the list of trusted domains.

You may find that you do not have the right to do this if you are using a shared machine. In that case you can try contacting your local IT Support team to see if they will allow you to make this change.

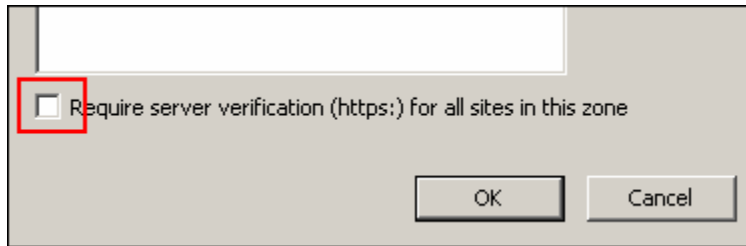

Procedure

- Open Internet Explorer and click Tools > Internet Options ...
- Click the Security Tab
- Select the 'Trusted sites' icon

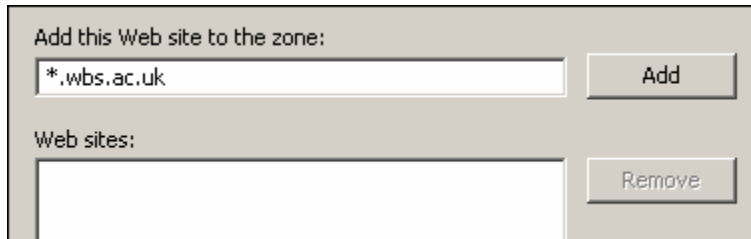

- Click the Sites ... button
- Untick/uncheck the 'Require server verification' checkbox

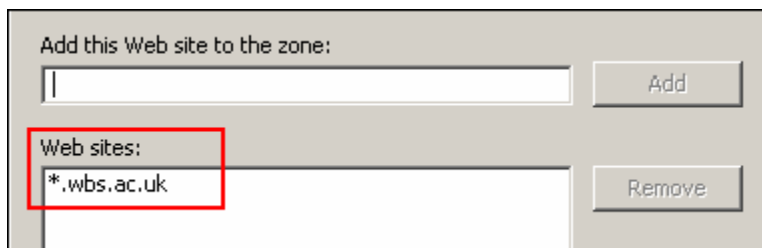

If possible it is recommended that you print this information

- Enter *.wbs.ac.uk to the list of sites to be added to this zone and then click Add

- You should now see *.wbs.ac.uk listed as a trusted site

- Click OK twice and then try visiting <http://my.wbs.ac.uk> again.

If you have any comments / questions about this tip sheet please contact the Helpdesk on help@wbs.ac.uk
