

Cricket Survey 2015 Comments

We have no issues with the standard of the wicket and outfield as these are always very good. As mentioned above we did on one occassion have issues with players having to leave the field to pay for parking so they did not get clamped. Our issue with the venue though is the lack of facilities. Nowhere to change or have tea, and the standard of the teas because of the lack of facilities often lead to them being very poor and players not touching them

10/22/2015 12:29 PM [View respondent's answers](#)

Not good,will need a lot of work to bring it up to league standards.

10/20/2015 8:09 AM [View respondent's answers](#)

Good standard of cricketers, good bunch of guys and satisfactory playing conditions. unfortunatly let down by the off field facilities that are not fit for purpose. No running water, no showers, no toilets, no seperate changing rooms for teams.

10/16/2015 4:33 PM [View respondent's answers](#)

Good pitches for cricket. However some toilet facilities close to the grounds are required.

10/14/2015 10:34 PM [View respondent's answers](#)

Superb changing facilities and cricket ground are spoiled by being too far apart. Parking near to the cricket grounds would be most helpful.

10/12/2015 5:30 PM [View respondent's answers](#)

See question 3

10/12/2015 12:22 PM [View respondent's answers](#)

Very poor, not a place I like to go to. I generally arrive changed and leave as soon as the game is concluded.

10/12/2015 8:58 AM [View respondent's answers](#)

Pitch side ok, facilities rubbish

10/11/2015 7:28 PM [View respondent's answers](#)

playing conditions are ok but the rest is rubbish and I struggle to get players to play away if we didn't take our own gazebo we would not have any where to sit in the rain

10/11/2015 6:58 PM [View respondent's answers](#)

Excellent playing pitch but no other facilities at the ground

10/11/2015 3:38 PM [View respondent's answers](#)

Good pitches very poor facilities

10/11/2015 3:12 PM [View respondent's answers](#)

On field as good if not the best facility within SNCL. Off field it's the worst. Cricket has greater needs than most sports for off field facility due to its length of playing time,provision of catering and need for reasonable shelter of two teams and officials during inclement weather. It's not a ground that I personally look forward to going to and neither do many other clubs. This is only due to the poor off field facilities.

10/11/2015 2:46 PM [View respondent's answers](#)

The new outdoor cricket nets and fields are excellent. However, the changing rooms could benefit from having toilets.

10/2/2015 1:02 PM [View respondent's answers](#)

As we've always stated, we love the groundsmen, great wickets, we appreciate the new nets, well over due but the intransigence towards admitting that the huts are up to scratch,that access is easy? is still below parr. Easy, cheap solutions at hand but you fail to implement.

9/30/2015 3:55 PM [View respondent's answers](#)

Despite a great pitch and a good square along with a well maintained outfield, we do not have even basic changing room facilities that can cater to 22 players and 2 officials. And it gets even more embarrassing when it rains because the small hut is not sufficient to hold 20 kit bags along with 24 people trying to take shelter from the rain. Lets not forget, we do not have toilet/washroom facilities (the closest up is top of the hill, a 5min walk !)

9/29/2015 9:02 AM [View respondent's answers](#)

Good facilities, other than the lack of a pavilion or changing rooms at the pitches

9/27/2015 7:27 AM [View respondent's answers](#)

Satisfactory but there is a lot of scope for improvement. Need to build changing rooms, toilets and facility for tea near the grounds. The present sports complex is too far to access.

9/25/2015 10:03 AM [View respondent's answers](#)

The playing surfaces and equipment, such as covers, nets and sight screens, are excellent. The wickets themselves are a joy to play on. However, our facilities are poor in terms of location, and this detracts a lot from the whole experience.

9/23/2015 12:11 PM [View respondent's answers](#)

I have found the pitches and new nets to be in good condition. All other facilities are poor at best.

9/22/2015 4:04 PM [View respondent's answers](#)

I am mostly satisfied to be honest - though I wish something could be done about toilet facilities, lighting in the huts, and more space - - can't they extend the huts if a new facility can't be built?

9/21/2015 4:40 PM [View respondent's answers](#)

One of the Best grounds I have played in my life.. Well maintained by the ground staff.. playing pitch is very good.. Only thing i didn't like is the small hut... the small huts in both grounds must be built large with toilets and some more space for other stuff. the scoreboard should be made automatic.. may be you could ask some electronics engineering students to take over this small project and make an automatic scoreboard display

system. Warwick university is gaining popularity,, why should the cricket scoreboard be still hand operated. just a suggestion.. but anyways for me these two grounds are the best.

9/20/2015 1:49 PM [View respondent's answers](#)

The playing facilities are excellent and on a personal basis , the changing facilities are perfectly adequate for the 20 /20 overs cricket I play in the evening.

9/20/2015 9:52 AM [View respondent's answers](#)

Wicket outfield outstanding. Covers brilliant Nets a great improvement now good. If a modest new permanent pavilion is built half way between the pitches with toilets and a small bit of shelter and 2 changing rooms warwick would become an outstanding cricket facility. If a small permanent facility is not viable there needs to be greater access to the big pavilion on weekend matchdays.

9/19/2015 5:20 PM [View respondent's answers](#)

Ground: Fabulous, couldn't ask for better. Pitch: Roadside - amazing; Lakeside - needs levelling & evening work Changing room & facilities: Having played for two seasons for WUSCC, I've heard enough insults about them. Looking at them, it doesn't seem like I'm the UK. Our facilities on-ground are the smallest & poorest across all teams in the SNCL league. Sports Centre nets: fantastic!

9/19/2015 5:13 PM [View respondent's answers](#)

Pitch was great, maintenance of pitch was good. New nets, awesome. However, still needed improvements in terms of the pavilion, side screen, also possibly another cricket pitch especially for summer season. Overall, it was great this year, we played a lot of cricket, met a lot of new teams, players. This can only grow more from now onwards. Cheers to cricket and the people supporting this format to be a huge success. Thank you and it is great to be part of department cricket team.

9/19/2015 3:43 PM [View respondent's answers](#)

Pitches excellent, nets superb, sight screens adequate, covers much improved, drainage is much improved....lack of light and running water/toilet/shower facilities by the scoring huts is always the killer...

9/18/2015 4:35 PM [View respondent's answers](#)

great in terms of pitches, surfaces and care. Poor in terms of safety, storage, accessibility and supporting facilities

9/18/2015 12:21 PM [View respondent's answers](#)

Grounds and pitches are good but need some basic facilities such as a changing room, toilets etc

9/18/2015 10:23 AM [View respondent's answers](#)

Excellent grounds and pitches (probably the best batting surface) but extremely poor facilities for changing and arranging teas or hosting a larger crowd.

9/18/2015 7:19 AM [View respondent's answers](#)

pitches and out fields are great. Now with cricket nets outdoors facilities are much improved. Could do with a cage to add to practice sessions

9/17/2015 10:08 PM [View respondent's answers](#)

We have the basics but most Universities we play against seem to have the same if not better facilities. In my opinion the local Pavillion/changing rooms should be the priority. I feel that this has been a criticism from past visiting teams.

9/17/2015 9:52 PM [View respondent's answers](#)

Deserve substantial investment. Has great potential and should be given the resources that sports such as football netball and hockey get

9/17/2015 9:34 PM [View respondent's answers](#)

Cricket facilities are excellent with the exception of the pavilions which just aren't big enough

9/17/2015 9:00 PM [View respondent's answers](#)

Great pitches and equipment, practically non-existent anything else.

9/17/2015 8:35 PM [View respondent's answers](#)

Very nice pitches but the outfield could be better and it is in desperate need of a pavilion nearer to the pitches. The new nets should be a very welcome addition!

9/17/2015 8:24 PM [View respondent's answers](#)

really disappointing. almost impossible to host anything more than 20 over cricket. embarrassing situation for the university

9/17/2015 7:28 PM [View respondent's answers](#)
