

INTRODUCTION TO RESEARCH AND IMPACT SERVICE (R&IS) AT WARWICK

Dr Euan Scott (Research Development Officer)

7th July 2023

WARWICK
THE UNIVERSITY OF WARWICK

‘Research & Impact Services (R&IS) provides expert practitioner support in research grants & contracts, research strategy & development, impact & innovation, ethics and research governance, and the REF’

- I work in the Research Grants & Contracts team in R&IS, particularly the team which supports Maths, Statistics, Engineering, Computer Science and WMG at Warwick
- I primarily support School of Engineering and WMG, along with my colleague Jasdeep Birdi (Research Support Officer)
- I report to Dr Helena White (Research Support Manager) who in-turn reports to Dr Dan Blakey (Associate Director- Head of Research Strategy, Funding and Contracts) and Dr Navdeep Bains (Director of R&IS)

What Support does R&IS at Warwick provide?

- We support academics at Warwick with Research Grants and Contracts:
 - Costing projects and proposals
 - Preparing Grant applications for submissions
 - Negotiating and agreeing contracts for research projects
 - Ensuring that the work the University does helps us to meet our objectives as a charitable institution and as a University
 - Obtaining departmental and Institutional approvals for application and research activity

Any questions/contact
