

## 2018/2019 Part Time Master's Courses Eligible for Postgraduate Master's Loan Funding

- If you can't find your course listed below, please contact the [Warwick Student Finance Fees Team](#) for further information.
- If you can't find your course listed during the Student Finance England postgraduate loan application process, please contact [Warwick Student Finance Fees Team](#).
- **DO NOT** submit a Postgraduate Master's loan application to Student Finance England unless you are certain you have selected the correct course. Before a loan payment can be released to a student the University must confirm that the course information stated on their loan application matches the course information on their Warwick student record. If this can't be done the student may not receive any loan payments but may still be required to make tuition and accommodation fee payments.
- Students applying for a Postgraduate loan from the Student Awards Agency for Scotland (SAAS) please contact the [Warwick Student Finance Fees Team](#) as your course will need adding separately.
