TEALfest 2022 Call for Proposals

#WarwickTEALfest

We are pleased to announce the third annual Technology Enhanced Active Learning Festival (TEALfest 22). TEALfest will run from Monday 14th March to Friday 18th March 2022 (inclusive). The call for proposals is now open.

The key theme for this year's TEALfest is Responding to student needs

Blended and online learning has become part of everyday practice for many of us, technology is providing new opportunities and challenges in teaching and learning. TEALfest 22 will explore how we are responding to student needs, how we can take lessons learnt from the previous two years and develop our understanding and practice to meet the evolving needs of our students. This festival is an opportunity to reflect upon our experiences from different perspectives, what have we learnt and what may the future look like? The conference organisers would particularly welcome collaborative submissions from different perspectives including student involvement.

Further details about the key themes can be found here.

Section 1

### About you: Your institution

1.Are you a University of Warwick student or member of staff?

- Yes
- No

2.What institution are you from?

Section 2

## About You: Lead Speaker

All communications relating to this proposal will be sent to the lead speaker only.

3.Name:

4.Email address:

5.Job Title

*This will be displayed on the TEALfest web page and programme.*

6.Academic Department/Professional Service

*This will be displayed on the TEALfest web page and programme.*

7.Additional Speakers

*Please detail any additional speakers. Include name job title and academic/professional service. This will be displayed on the TEALfest web page and programme.*

8.What would you like to submit?

- Posters/Artefacts (Digital)
- Nano presentation (10 minutes 'showcasing' presentations)
- Presentation (30 mins) Typically 20 mins with time for questions and discussion.
- Round table discussion (60 minutes)

9.Session title

10.Conference themes

Please indicate what conference theme your submission relates to.

- Hybrid teaching and learning
- Building inclusive communities online
- Rethinking flexible/blended teaching and learning

- Transition
- Wildcard

### 11. Session abstract

Each proposal will be reviewed by two members of the conference committee. We ask you to remove any information from your abstract that will identify you as the author, so that the review is conducted impartially. Proposals will be reviewed against the following criteria:

1. Does it explain how the session relates to the chosen TEALfest theme?
2. Does it state what participants will gain from the session and why they should attend?
3. Does it include details of what the session is based on, such as a particular project, initiative, or practice? Does it critically reflect on this and evaluate it (i.e. how many learners/staff are involved, what feedback was collected and how transferable your experience/findings/tools are?)

Max. 150 words. This will be used on the conference programme.

### 12. Describe your session

This will be used by the conference committee to better understand your session and will not be published. Describe what participants will be doing, what they will take away from the session and why it would be of interest to them. (Max. 500 words)
