

WARWICK

ACCOMMODATION

WARWICK ACCOMMODATION ALLOCATION POLICY 2022/2023

NEW FIRST YEAR UNDERGRADUATE AND INTERNATIONAL FOUNDATION PROGRAMME STUDENTS

New, full-time first year undergraduate and International Foundation Programme students (excluding MBChB students who should complete the correct application form and degree apprenticeships who should not submit an accommodation application) holding an offer of study at the University of Warwick for the 2022/2023 academic year are eligible to apply for accommodation. Eligible students who meet all three of the following conditions will be guaranteed a place in campus accommodation. This guarantee is for a room on campus and not for a specific hall of residence.

To be guaranteed a room on campus as a new, full-time student you will have:

1. Made Warwick your firm choice by **24 August 2022**
2. Submitted your accommodation application online by **24 August 2022**
3. Hold an unconditional firm offer of study at Warwick by **24 August 2022**

We aim to allocate all new first-year undergraduate and International Foundation Programme students on campus, including those who have applied through clearing or adjustment. If you do not meet the conditions above, you are not guaranteed accommodation, but your application will be considered once you have an unconditional firm offer of study at Warwick.

DEFERRALS

If you have deferred and will be starting your course in September 2022 you are covered by the accommodation guarantee, but it is important that you apply for accommodation and contact Warwick Accommodation by **24 August 2022** to confirm your arrangements. If you defer your place for entry in 2022 for 2023, you will need to reapply for accommodation in 2023 and you will not be able to carry over any offer of accommodation.

RESTARTING FROM FIRST YEAR

If you are restarting from year one of an undergraduate course, it is important that you apply for accommodation and contact Warwick Accommodation as soon as possible if you require accommodation. You will be allocated accommodation subject to availability and are not guaranteed an offer of accommodation.

STUDENTS UNDER 18

Only students aged 16 and over on 22 September 2022 will be considered for campus accommodation. Students who will be under 18 years old on 22 September 2022 and meet the conditions to be guaranteed campus accommodation will be allocated to an en suite hall and will only be able to select en suite options for their hall preferences. Students who do not meet the conditions to be guaranteed campus accommodation and will be under 18 on 22 September 2022 will be allocated subject to availability. Students aged 17 on 22 September 2022 who would like to be considered for a shared bathroom hall (such as for financial reasons) need to email accommodation@warwick.ac.uk by **19 August 2022** and include their shared bathroom hall preferences. The Residential Community team will then consider any requests on an individual basis.

HOW WE ALLOCATE

The majority of applications for students holding an unconditional offer are allocated through a series of computer ballots which aim to match students to one of their six hall preferences. A ballot will take place after 24 August 2022 for students who have met all three conditions outlined above. Accommodation offers will be emailed in late August/early September, we will then allocate students on a rolling basis subject to availability.

While we take your preferences into account, there is no guarantee that you will be allocated to one of your six preferences. Around half of our accommodation on campus is en suite, so you may be allocated to a shared bathroom hall. We would advise that you only select shared bathroom preferences that you would be happy to be allocated to as en suite preferences are in high demand.

It is also possible that accommodation options will be added or removed after you have notified us of your preferences, and you may be allocated to an option that was not advertised when your application was submitted. Arrangements for students who do not meet the guarantee criteria by the deadline will be confirmed from late August to early September 2022.

Selecting your accommodation preferences;

- You will need to select six accommodation preferences.
- Three of these preferences can be en suite options.
- You will need to select a minimum of three shared bathroom options. If you prefer, all your preferences can be shared bathroom options.
- You can only select one 35-week en suite hall.
- You are only able to select one preference from Cryfield Townhouses or Bluebell.

You are eligible to apply for accommodation if you are a first-year postgraduate student with an offer of study on a full-time course at the University for the full 2022/2023 academic year.

Postgraduate accommodation is offered on a first-come first-served basis. As a new, full-time postgraduate student, you will be made an offer of accommodation, subject to availability, provided that you:

1. Hold an unconditional firm offer of study at Warwick
2. Have submitted an accommodation application

CAMPUS ACCOMMODATION

We have a number of options available for postgraduate students on campus and we aim to allocate as many postgraduates on campus as possible. If you are allocated campus accommodation and your course of study commences before our earliest contract start date in Term One of the 2022/2023 academic year, you will need to source your own accommodation until you are able to move into your campus room.

UNIVERSITY MANAGED OFF CAMPUS ACCOMMODATION

Should campus become fully allocated, students who meet the conditions above will be made an offer for university managed off campus accommodation, subject to availability.

Students who have an unconditional offer of study can book university managed off campus accommodation at any point as an individual or as part of a group on the [Warwick Accommodation website](#), subject to availability.

PARTNERSHIP ACCOMMODATION

[Partnership accommodation](#) may be an option at such a time where campus and university managed off campus options are fully allocated. You will be asked as part of your application process whether you would like your contact details to be passed on to a partner provider.

HOW WE ALLOCATE

We have a variety of accommodation for postgraduate students, subject to availability, including;

- University managed campus accommodation
- University managed off campus accommodation
- Partnership accommodation

When applying for campus accommodation you will be asked to select at least seven campus preferences, including at least 2 non en suite options. While your preferences are taken into account in the allocation process, there is no guarantee that you will be allocated to one of your preferences, or that you will receive an offer of accommodation. It is also possible that further accommodation options will be added or removed, and you may be allocated to an option that was not advertised when applying for accommodation. In the majority of circumstances, we will only make an offer of accommodation once you have an unconditional firm offer of study from Warwick. Postgraduate students should ensure they note the exceptions listed below if they are studying the Pre-Sessional English programme.

Applicants who meet the conditions above are allocated on a first-come first-served basis for campus accommodation. If there is no campus availability, we will allocate students on a rolling basis to university managed off campus accommodation and partnership accommodation. On occasion rooms may become available on campus after it has been fully allocated. Should this happen, these rooms will be offered to eligible students on a rolling basis.

EXCEPTIONS (UNDERGRADUATE/INTERNATIONAL FOUNDATION PROGRAMME AND POSTGRADUATE)

- Accommodation eligibility criteria for MBChB (medicine), part-year students (including those on Degree Apprenticeships) and Student Mobility (including full and part year visiting exchange programmes) differ from the criteria outlined in this policy. Further guidance and information can be found on the [Warwick Accommodation website](#).
- In order to be eligible for accommodation all students are required to have registered student status. Postgraduate students who fail the Pre-Sessional English programme will no longer have registered student status and as a result, will no longer be eligible for accommodation. In such cases, the offer of accommodation will be withdrawn, even if the student meets the remainder of their course conditions. Students who have already moved into their accommodation will be required to leave and will be charged for the period of their stay up until departure.
- Family accommodation is managed by [Staff and Family Accommodation](#) and is covered by the [Staff and Family allocation policy](#).
- Students who have been supported for specific accommodation requirements will be allocated to a room suitable for their needs, subject to having followed the [specific requirements](#) process (by the dates below.) We are only able to guarantee we can accommodate specific requirements from the beginning of the contract if Wellbeing Support Services have supported your application for specific requirements by **27 July 2022** for postgraduates and **12 August 2022** for undergraduates and students on the International Foundation Programme. Any applications for specific requirements received after these dates will be allocated subject to availability.
