Listen to what employers have to say,

ICAEW Country Representative

“Remember that your overseas experience will be very valuable when you return to your home country, but you will also need to demonstrate that you can adapt to the local culture, particularly if you have been abroad for a few years”.

“Be aware that you may need to develop your Mandarin or Cantonese technical vocabulary. For instance, if you have studied Accountancy in English, you will need to learn the Mandarin or Cantonese terms for specific accounting terms”.
