

## Welcome Lunch for New Execs Student feedback 2017

### How organised was the event?

Very organised	88%
Somewhat organised	12%

### Was the event too long, too short , or just about right?

About right	75%
Too long	25%

### Which parts of the event did you enjoy/find the most valuable?

Networking and meeting other exec members  
Meeting new people from other faith societies  
Chatting to other faith society committee members  
The opportunity to meet other execs, and the chaplains and coordinator in a more informal setting  
The information about the Chaplaincy/ideas for Inter Faith week  
Talking to the other societies  
Speaking about why we went on our committees  
The brainstorming ideas part

### What did you find least valuable?

This isn't something you have control over, but I felt the fact that lots of the exec members left really soon meant there wasn't much chance to chat to them  
Chaplaincy information - already been told  
Talking to all the execs - you don't get many conversations with all of them  
The time a bit too long

### Is there anything else you would like to share about this event?

Great food :)  
The food was amazing - thank you  
I think the speeches by the Chaplains and the coordinator were slightly shorter than last year. This was better as the speeches were more concise and the important info was still covered.  
If people have been before, it's often not worth going. It also takes up a lot of time in a busy period. There could be less socialising and more promptness. Still, there was more mingling and less games than last year.  
Great event, more like this in the future and good follow ups of the event ideas would be great.  
  
Maybe to find a way to encourage people more to mix with other societies. For example I arrived a bit late and during the whole activity we had to stay with the group we were so I did not have the chance to talk to as many people I wanted to.

### How could we improve the event for next year's exec?

Create more opportunities for conversation. Perhaps change the groups more often so we meet more people  
Possibly make it a little shorter - especially during the exam season  
Maybe have more opportunity to chat before the meal would solve the problem of people leaving as soon as the meal finished and not sticking around to chat.  
Make sure there are ways to find out what all the societies do without talking to all of them - like a weekly timetable for each or something  
A bit shorter

### Overall, how would you rate this event

Very good	88%
Excellent	12%
