Based on the campus of the University of Warwick at the heart of the UK and operating nationwide, Warwick Event Production works alongside your team to enhance live events as well as producing platform specific video content to deliver the right message to the right audience.
VIDEO PRODUCTION

We understand that medium is part of your message and with a skilled group of technical creatives, that keep up-to-date with the latest digital platforms, we know that producing a slick video is only half the job.

Fully edited projects start from £1,000
TECHNICAL SUPPORT

Immediate technical support onsite with a fully trained audio visual technician providing you with peace of mind and more time to focus on your event.

Our people have in-depth product knowledge and digital skills to solve any potential issues calmly and efficiently helping to ensure your event runs smoothly.

From £180 per day

“Highly professional, friendly and extremely helpful. Nothing seemed to be too much trouble ... the best conference we've ever had”

Micheldever Conference
October 2017
