## Deadlines

## How to apply

### Preparation

Contact your potential supervisor/academic department in the first instance to discuss your research application.

Read these guidance notes in full and make a note of the relevant deadlines.

### Course Application

Submit your course application via the [Universal Admissions System](#). You do not need to have received an offer of study by the scholarship application deadline.

*Note: Your scholarship application takes information from your study application to save you from entering various details a second time, such as your previous qualifications.*

When completing your application, you will be asked for contact details for your scholarship/funder, please use Doctoral College ([Doctoralcollege@warwick.ac.uk](mailto:Doctoralcollege@warwick.ac.uk))

Once you have submitted your admissions application you will then receive an automated e-mail giving you your 7-digit student ID number and instructions on registering your ITS applicant account, which you must complete. **The automated email with your 7-digit student number can take up to 48 hours to come through.**

Please note that 22 February is the latest date you can submit your course application, noting that student numbers can take up to 48 hours to be generated, we would strongly recommend submitting your course application in advance of to allow sufficient time to complete a strong scholarship application by 26 February scholarship application deadline.

***Note: Extension requests will not be granted.***

### Creating an IT Account

[Register an ITS Account](#). The username and password provided by IT can then be used to apply for the scholarship.

*Note: The Doctoral College cannot help with registering ITS accounts.*

## Application Questions

There are four mandatory questions you will need to complete before submitting your application. Question one and two respond to the Postgraduate Research Ranking Criteria.

### See Appendix 3 for Ranking Criteria.

1. In 300 words or less, describe how best you meet the person and preparedness descriptors. You may wish to consider your academic history, skills and expertise, professional experience, and awards or publications.
2. In 500 words or less, describe how best you meet the project and place descriptors. You may wish to consider the significance of your project, engagement with relevant literature, and the project's fit with your proposed supervisor and department. How will you and/or your project contribute to Warwick's commitment to excellence in research and education through advancement of diversity, equity, and inclusion?
3. In 500 words or less, provide a summary of your research proposal as appropriate to your discipline and your ability to complete it. For very technical disciplines where advanced detailed might be beyond the current research of an undergraduate or postgraduate taught degree, candidates are encouraged to describe the general area and fundamental open problems that motivate you to pursue the topic, as well as commenting on your academic background and suitability to conduct the research. You are not required to provide a full bibliography.
4. Please provide any additional information of how the scholarship will assist your postgraduate study and details of your individual circumstances (200 words max.)

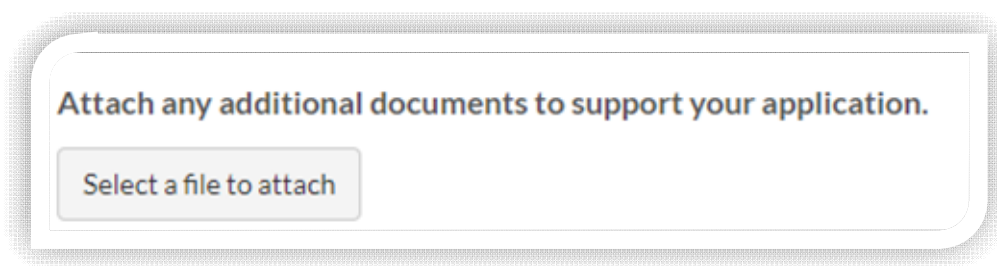

*Note: While your department may access your research proposal from your course application, the Faculty Assessors will only view the 500-word summary from your scholarship application. **Faculty Assessors will not have access to your full research proposal.***

**We will have access to your transcripts and references uploaded with your course application.**

All applications require transcripts and two references.

*Note: Changes cannot be made to references that have been uploaded in support of your course application, these are requested by PG Admissions.*

In the 'Supporting documents' tab you will be asked to upload documents which evidence your immigration status.

If you are an asylum seeker or hold refugee status you will need to provide the following documents to support your application:

- Scanned copy of your ARC (Application Registration Card)
- A copy of your most recent Bail 201 letter

If you hold Humanitarian Protection status, Discretionary Leave to Remain, or Limited Leave to Remain, you will need to provide the following documents to support your application:

- Scanned copy of your current visa
- A copy of the Home Office decision of your asylum application (or evidence that your current visa is a result of an asylum application)

**Please be aware that we will pass your documents onto the Immigration & Compliance team who will look to verify your status with UKVI to determine eligibility for the scholarship. The Immigration & Compliance team may contact you to request further documentation if required.**

Documents must be converted to PDF before upload.

## Ranking Criteria

Departments and Assessors will follow the Postgraduate Research Ranking Criteria in their evaluation.

The Ranking Criteria consists of two descriptors:

- Person and Preparedness
- Project and Place

**See Appendix 1 for Ranking Criteria.**

## The Assessment Process

### What happens after your application is submitted?

You will be able to review your application before submitting. The system will prevent you from submitting your application if you have not completed your application properly and will notify you of any issues.

*Note: You will not be able to amend your application once you have submitted.*

You will be sent a confirmation of submission email containing a URL which will take you directly to your application. We would recommend that you bookmark this page so you can visit it directly.

## Selection and Assessment

Warwick operates transparent ranking criteria that enables candidates to understand how their application will be assessed. **Refer to Appendix 1.**

Competition for awards is very high and scholarship offers will be made to those who are able to demonstrate the potential to be an outstanding research student, up to the specified number of awards available.

Departments to provide a nomination statement for applications. The nomination statement will contextualise your application and references and will outline your strengths and fit within the department.

The convened Doctoral Access- Sanctuary Committee will discuss all nominated applications and approve the award allocations.

## Notification of Scholarship Results

All applicants will be informed of the results by email by 10 April 2024.

The Doctoral College is unable to provide any feedback to applicants.

Please be aware that an application must have been submitted by the scholarship deadline to receive a notification of results, and any late applications will not be considered for a scholarship.

## Appendix 1

### Ranking Criteria for competition applications

Applications are ranked in order of preference – 1 being the most highly ranked application.

Judgment is made under two broad categories: Person and Preparedness and Project and Place. The following descriptors indicate the characteristics considered under each heading. It is important to note that the descriptors below should be used to guide assessors, but the University has consciously moved away from a defined scoring criteria in order to recognize areas such as professional experience.

Person and Preparedness Descriptors*	Assessment
An applicant with an outstanding academic record, very well-equipped for doctoral study, usually evidenced by: <ul style="list-style-type: none"> <li>▪ A first-class degree*, or a distinction at Masters level*, or equivalent professional experience or other markers of excellence</li> <li>▪ Excellent references</li> <li>▪ An awareness of Warwick’s commitment to excellence in research and education through advancement of diversity, equity, and inclusion.</li> </ul>	Excellent
An applicant with a strong academic record, well-equipped for doctoral study, usually evidenced by: <ul style="list-style-type: none"> <li>▪ An upper second-class degree*, or a merit at Masters level*, or equivalent professional experience</li> <li>▪ Good references</li> </ul>	Good
An applicant who fulfils the academic requirements for entry to doctoral study but does not demonstrate that they are equipped to excel, usually evidenced by: <ul style="list-style-type: none"> <li>▪ A lower second-class degree*, or a pass at Masters level*, or equivalent professional experience</li> <li>▪ Acceptable references</li> </ul>	Acceptable
An applicant with a weak academic record, ill-equipped for doctoral study, usually evidenced by: <ul style="list-style-type: none"> <li>▪ A third-class degree* or no degree level qualification*</li> <li>▪ Poor references</li> </ul>	Poor

---

\* An applicant with substantial and relevant professional experience may be judged to have an excellent, good or acceptable academic record without having achieved the degree classification associated with that category. Applicants in some disciplines are often established and successful practitioners undertaking applied research in professional contexts. They typically have significant professional knowledge and experience that bears directly on their ability to undertake doctoral research. Furthermore, in light of recent grade inflation, the degree classifications of applicants who graduated many years ago may not be directly comparable with the degree classifications of recent graduates. Reviewers are also encouraged to take into account protected characteristics of applicants and consider how this may have impacted academic performance (for example attainment gaps for Black students).

Project and Place Descriptors	Assessment
<ul style="list-style-type: none"> <li>▪ A project with the potential to make a significant contribution to the field</li> <li>▪ A clearly articulated and robustly justified research question</li> <li>▪ Sophisticated critical engagement with relevant literature</li> <li>▪ An appropriate and well-developed research design</li> <li>▪ An excellent fit between the project and the expertise of the proposed supervisors, or in the case of a project the applicant is recruited to, an excellent fit between the candidate's prior knowledge/experience and the project.</li> <li>▪ An excellent fit between the project and the research strengths or priorities of the host department/University.</li> <li>▪ A project that has impact in more than one discipline.</li> </ul>	Excellent
<ul style="list-style-type: none"> <li>▪ A project with the potential to make a strong impact within the student's field</li> <li>▪ A clearly articulated and justified research question</li> <li>▪ Critical engagement with relevant literature</li> <li>▪ An appropriate and partially developed research design</li> <li>▪ A good fit between the project and the expertise of the proposed supervisors, or in the case of a project the applicant is recruited to, a good fit between the candidate's prior knowledge/experience and the project.</li> <li>▪ A good fit between the project and the research strengths or priorities of the host department</li> </ul>	Good
<ul style="list-style-type: none"> <li>▪ A project with the potential to make an original contribution to the field</li> <li>▪ A clearly articulated research question</li> <li>▪ Engagement with relevant literature</li> <li>▪ An appropriate indicative research design</li> <li>▪ An acceptable fit between the project and the expertise of the proposed supervisors, or in the case of a project the applicant is recruited to, an acceptable fit between the candidate's prior knowledge/experience and the project.</li> <li>▪ An acceptable fit between the project and the research strengths or priorities of the host department</li> </ul>	Acceptable
<ul style="list-style-type: none"> <li>▪ A project without the potential to make an original contribution to the field</li> <li>▪ An unclear research question</li> <li>▪ Little or no engagement with relevant literature</li> <li>▪ An inappropriate research design</li> <li>▪ A poor fit between the project and the expertise of the proposed supervisors, or in the case of a project the applicant is recruited to, a poor fit between the candidate's prior knowledge/experience and the project.</li> <li>▪ A poor fit between the project and the research strengths or priorities of the host department</li> </ul>	Poor
