

Welcome to our Autumn Term 2026!

If you haven't been to one of our sessions yet, here is some information on who we are, what we do and how we plan on offering you the best support throughout your studies at Warwick.

What is the Researcher Development Programme

It is a training programme offered by the Doctoral College. It is designed to help you make the most of your time at Warwick and of yourself. We offer a wide range of workshops to support your research, your personal, and your professional development. The curriculum is comprehensive, integrating intellectual expansion with wellbeing. Our holistic approach recognises PGRs as researchers and academics, and also as individuals with diverse needs. We believe that success encompasses more than just research achievements; it also includes the overall fulfilment and growth of an individual.

What to expect in our sessions

We run a mostly **online programme (RDO)** with some in-person sessions of support and training throughout the year including weekdays, evenings and weekends; so hopefully you will find an event which suits your timing. Our sessions are coaching, and development focused. We do share knowledge, but we aim to help you find the answers for yourselves. The sessions are interactive, and you are fully in charge of your own learning and development. We hold all our online events on our [RDO Teams channel](#), where we also publicise any research related events that we hear about.

How to book a workshop***

Doctoral students (PhD, EngD, Professional Doctorate, EdD, PhD by publication) or a Masters by Research (MRes, MPhil) can book via [Warwick SkillsForge](#) (booking links are also provided in this document). Once booked, you will receive a Microsoft Teams meeting link 24hrs before the session (but we encourage you to save the event in your own calendar as reminder). *If the session you wish to attend is fully booked, please add your name to the **waiting list**. We repeat sessions and you will be automatically allocated a spot and guaranteed a place when we next offer them.

Who are we

Researcher Development is offered by a team who have experienced the highs and lows of research, are active researchers or lecturers or both; and most importantly, skilled facilitators. We are Michele, Katy, Frane, Luana, Anna, Saadia, Hande and Vicky. You can meet the team [here](#).

*You'll need to be registered as PGR to book onto RDO Sessions, unfortunately we don't have capacity to accommodate PGTs

*Please note that timings of sessions are subject to change – for latest update on schedule, please visit [Warwick SkillsForge](#).

*Bookings for Autumn Term open on **14th September 2026**

PhD Middle Years

Sessions Designed to Support the Mid-stages of your PhD Journey

Research Methodologies & Practices			
Qualitative Research Part 2 – Methodologies and analysis Apply qualitative methods and analyse data	24/10/2026 02/11/2026	10.00-12.00 16.30-18.30	Book
Meta Analysis Research Part 2 Interpret and report meta-analysis results	19/10/2026	16.30-18.00	Book
Researching Sensitive Topics: A Trauma-Informed Approach Researching sensitive topics safely	27/10/2026	13.00-14.30	Book
Sustainable Research Practice Building sustainable research habits	04/11/2026	13.00-14.00	Book
