<tr>
<td>1.0</td>
<td>This version of the RRS is taken from the third iteration of the Joint Information Systems Committee (JISC) generic records retention schedule and was published on the intranet as guidance for the appropriate period of retention for University information and data.</td>
<td>April 2016 – 12 April 2018</td>
</tr>
<tr>
<td>2.0</td>
<td>The content of version 2.0 remains the same as version 1.0. The significant changes in 2.0 are that: the RRS is now in Word Document (PDF) form, it contains a hyperlinked contents page and section headings, University of Warwick branding, details of version control and how to contact the University Records Manager for further advice on retention (e.g. if a class of record is not listed in the RRS).</td>
<td>12 April 2018 – 1 May 2018</td>
</tr>
</tbody>
</table>
| 2.1     | - New entry included for Student Recruitment, Admission and Records, under Immigration Advice and Compliance section (pg. 7).  
- Amended entry: Archives Section, under Archives Access Control, action changed from ‘Last action on request + 1 year’ to ‘Last action on request + 3 years’ (pg. 150).  
- Development, Operations, Security and Training headings now include ‘ICT’ in their title, on the contents pages.  
- Entries under the Business Area ‘Taught Programme’ for summative and formative assessments amended to: ‘Undergraduate Scripts and ‘Postgraduate Scripts’ and now reflects the wording, and retention periods, used in the University’s Examination Regulations (pg. 18 - 19).  
- ‘Marks/Grades’ entry under the Business Area ‘Taught Programme’ amended to include the line alongside the existing retention period ‘once data has been uploaded to SITS’ (pg. 19).  
- The references to ‘Contact Archives Team’ have been replaced with: Contact University Archives hyperlinks throughout the RRS. The hyperlink generates a blank email addressed to the University’s Modern Records Centre (University Archives) and the intent is to make it easier for University Departments to use the RRS to make arrangements to transfer records in scope for preservation to the MRC. | 1 May 2018 – 10 May 2018 |

These records will be incorporated into the University Records Retention Schedule once the full HR records retention review is completed.
- Accommodation Warwick records have been added to the University Records Retention Schedule (pg. 164 -168).

The hyperlink generates the Information Classification and Handling Procedure Framework, with the intent to make it easier for University Departments to understand the classification, handling and specifically the procedure for the disposal of information.

- **Format Change**: For records where the action at the end of the retention period is to: ‘Contact the University Archives Team’ the retention period has been amended to: ‘Transfer to University Archives once the record has passed out of active use.’
