

How do I access Office 365 Pro Plus on my Android phone?

Students and staff can install Office 365 / Office 2016 on their personal devices. See <https://warwick.ac.uk/services/its/servicessupport/software/microsoft/o365proplus>

Newer Android phones e.g. OS 6.0.1 may have MS Office installed automatically.

It may be best just to install the Office modules you wish to use. Word, Excel and PowerPoint are available.

From the **Play Store** on your mobile phone, search for Microsoft Word. Tap Word then tap **Install**. Tap **Accept** to give Microsoft access to a list of items needed. Once downloaded, tap **Open**

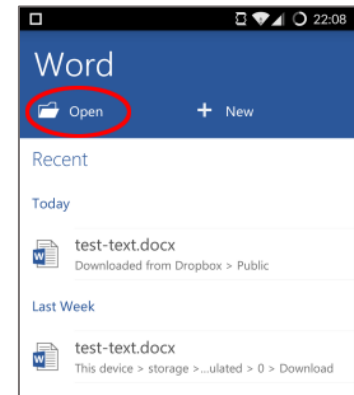

Tap Sign in then type **your usercode@live.warwick.ac.uk** as your email address and click Next.

An External service access page may then appear, sign in with **your ITS usercode and password**.

Configuring Office..... Staff may see documents saved to OneDrive, however students may not see this as OneDrive is not part of the student licence.

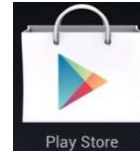

Click **Open** to open existing documents or **+ New** to create a new document.
