INBOUND TO WARWICK_PLANNING YOUR PLACEMENT 2021/2022

HELPFUL HINTS

1. You must APPLY through your Exchange/Study Abroad/Erasmus+ co-ordinator at your home University
2. If you are successful your home Exchange/Study Abroad/Erasmus+ co-ordinator will nominate you to Warwick
3. If you have been nominated, you will receive or have received an email from us with application instructions. Please action this as soon as possible. If you have any queries, please contact Europemobility@warwick.ac.uk for Erasmus+ students or Studyabroad@warwick.ac.uk for International Students.

One of the things that you can be doing if you haven’t had the application instructions yet, is research the website for the academic department you will be based in. On these web pages you will find module descriptions, so that you can start to plan what you would like to do when you join us. REMEMBER, just like at your home University, modules availability cannot be guaranteed and are not confirmed to be running until they are published for registration, and availability of places will be more in demand on some modules than others. If you consider more modules than you need you should be able to make sure that you will be able to have some of your choices when the modules are made available.
