Attached is the signed and stamped English version of my convention de stage as requested. It does now need a signature from Warwick, as does the French version I believe, have also attached for clarity.

Please could you confirm that I have now sent all the necessary forms for my grant, I sent the arrival form on Saturday?

I can confirm that [redacted] do not issue a job description.

When can we expect to receive the grant?

Many thanks,

Whilst it may be that the company that you are looking at working for do not generally produce job descriptions for their interns, please consider this carefully. You will not have a detailed understanding of what your duties will involve or what your training programme is likely to be for the duration of your placement. It will make it exceptionally difficult for your departmental co-ordinator to consider this as an appropriate internship. When applying for positions you need to consider how structured your training plan will be, what your aims and objectives are and how the advertised positions will meet them.
