Vaccination Programme:

We advise you talk to your GP as soon as possible regarding the vaccination programme.

- *International students who live in the UK and are registered with a General Practitioner (GP) will be able to access the COVID-19 vaccine, just as they are currently able to access healthcare.*

[NHS England FAQ](#) document on second doses which confirms that:

- *In exceptional circumstances different vaccines can be used for first and second doses. Exceptional circumstances include “if the first product received is unknown or if they received a brand that is not available in the UK” meaning that international students who have had the first dose of vaccine outside of the UK are able to receive their second dose in the UK even if they are unsure what vaccine they received for their first shot or that vaccine is not available in the UK.*
- *There are exceptional circumstances in which second doses may be given outside of the standard interval period **but travel or plans to leave the UK are not included in this list. This means international students leaving the UK or current students intending to travel abroad for placements will not be able to access the second dose of vaccine at a shorter than normal interval.***

In person or distance learning?

FCDO advice: do you have the correct documentation?

Are quarantine procedures in place? Potential cost of hotel for 2 weeks.

Are you expected to find a place to quarantine outside of your planned accommodation? Or, will your planned accommodation provider offer support? Your host will be able to advise.

Have you researched the safety measures at your proposed host?

The cost of living may have increased? You may not be able to find a part-time job to supplement your funds.

Would you be able to manage if there was a lock-down in your host country?

The link to the Risk Assessment is here: [Frequently Asked Questions \(warwick.ac.uk\)](https://warwick.ac.uk)

Student GHIC Health Card

WARWICK

STUDENT OPPORTUNITY

UK students going to the EU (work or study)

If you're planning to study in an EU country, you need to apply for a GHIC that's time limited to the length of your course. You cannot apply for this online. You'll also need a letter from your university confirming:

- name and address of the UK educational institution (if you're going as part of a UK course)
- address of where you're studying in the EU
- details of the qualification you're studying for
- dates your course started and is due to finish

Complete a [GHIC application form \(PDF, 678kb\)](#) and post it along with your university/college letter to:

152 Pilgrim Street

<https://www.nhs.uk/using-the-nhs/healthcare-abroad/apply-for-a-free-uk-global-health-insurance-card-ghic/>

The GHIC is valid within anywhere within the EU. It is **not valid** in Iceland, Liechtenstein, Norway or Switzerland. Until a new agreement is settled on, you are still entitled to necessary medical treatment in Norway (show your passport). The UK government has said that it is working towards agreements with Iceland, Liechtenstein and Switzerland. (added 12.5.21)

Confirmation Letter: Use for GHIC Health Card / Placement Accommodation/ confirmation for Student Finance

A UK Global Health Insurance Card (GHIC) gives you the right to access state-provided healthcare during a temporary stay in the European Union (EU). *We have had some reports (spring 2021) of health services in Europe not accepting the GHIC card – and you may consider also purchasing private health insurance.*

Please complete the online form and your letter will be available in Evison. Your details need to be uploaded asap.

- On or off campus accommodation may be offered
- European universities may offer support but you must actively secure accommodation as soon as possible. It is your responsibility to find your accommodation. Covid-19 has made planning more difficult, try not to commit to any deposits until you know you are able to travel.
- Your host university will be able to provide sources of information
- Consider the length of contract before committing to a contract.
- **Be careful, each year there will be accommodation scams and even links from partner universities have contained scams. If possible do not sign an accommodation contract and pay a deposit until you have seen the premises.**

Funding

WARWICK
STUDENT OPPORTUNITY

Erasmus+ and the Turing Scheme

WARWICK

STUDENT OPPORTUNITY

Erasmus+ funding will be available for European work and study placements until May 2023.

Turing Scheme: this is the new mobility scheme to enable students to receive funding internationally.

Warwick has applied for funding but the outcome of the bid will not be known until late July / August 2021.

In the meantime, please see our FAQs regarding the Turing Scheme:

[Frequently Asked Questions \(warwick.ac.uk\)](https://warwick.ac.uk)

UK students and international students are eligible for Turing funding (should we receive a grant).

You do not need to contact Student Mobility, if a grant is paid, we will advise you as soon as possible.

The process is likely to be similar to the current Erasmus+ process (not confirmed).

Fees for Student Mobility Students Impacted by Covid-19

Students who are intending to spend either a term or an intercalated full-year on a student mobility programme for 2021-22 will be charged the standard 15% of the relevant fee as set out in the link below

https://warwick.ac.uk/services/academicoffice/finance/fees/ugtuitionfees2017/year_abroad_20-21_new.pdf

This will apply if due to the Covid-19 restrictions you are now spending part of your planned year at Warwick, distance learning with a partner university, or engaged with an internship programme at a business.

If your circumstances change and you revert to a three year degree, the standard relevant undergraduate fee will apply.

If the Host academic year starts more than a month before the Warwick academic year, the funding company will try to make payments earlier, for all other students' payments will be made in accordance with Warwick's academic year -

Early payments are NOT guaranteed.

Turing: If possible you may receive a Turing grant, you should tick the appropriate box and the application will be pended while waiting for the evidence. If you do not receive the grant, you would then ***need to submit a change once that is confirmed.***

Erasmus+ and the Turing Scheme

WARWICK

IDENT OPPORTUNITY

If you change this answer, any additional questions will be asked again.

Have you been accepted onto the Turing Scheme or the Erasmus+ exchange programme?

Erasmus is a programme run by the European Commission which gives students the opportunity to study or work abroad as part of their degree. The Turing Scheme replaces funding that was previously awarded under the Erasmus+ Scheme.

- Yes, I have been accepted onto the Turing Scheme or Erasmus+ exchange programme
- No, I have not been accepted onto the Turing Scheme or Erasmus+ exchange programme

Continue

You can tick yes if you are going on an international placement – but will have to amend if Warwick does not gain a Turing Scheme grant.

(We should know in late July / early August)

Student Finance (England as an example)

WARWICK

STUDENT OPPORTUNITY

What you'll get

The amount you get depends on your total household income. This means your income, if you have one, combined with that of your parents or guardians, or spouse or partner if you live with them. Do not count income from other family members you live with.

You must pay the first £303 of your travel costs - and your travel grant will be reduced by £1 for each £8.73 of household income over £39,796.

Keep your travel costs as low as possible without being impractical.

If you're studying abroad

You can apply for:

- up to 3 return journeys between your home and the overseas institution during a full academic year abroad
- help with essential expenses, medical insurance and travel visas
- We advise you apply for the full tuition fee loan amount. This is because in case of discrepancy, finance are able to decrease the loan amount without the student involvement, however, an increase of the loan needs to be generally requested by the student and it is a lengthier process. Even if student asks for a full loan, the University confirms/requests only the amount which is actually charged after the student is fully enrolled for the course. (added 13.5.21)

Travel Documentation

Ensure you follow the advice of the host university/work place regarding documentation required. Leave time to plan. **Your host university/work place will provide details of the documentation and process you will need to follow (not our team in this instance).**

If you intend to work you must apply for a visa that entitles you to work. You risk being turned away from a country if you do not have the correct documentation.

Visa applications to countries may take longer than usual. The USA has reported long wait times and you may need to go through the Expedited appointment route. Entry from the UK is currently not permitted. However, as a **J-1 student**, you are eligible to apply for a [National Interest Exception Waiver](#) (NIE Waiver) to these travel restrictions. The waiver will allow you to enter the US directly from the UK, Ireland, or EU Schengen-area countries. As we learn more we will update our FAQs with the details. 5 May

See the FCDO for visa advice or contact the relevant Embassy.

With Covid-19 restrictions the process is much longer than in the past so ensure you have all documents ready.

Travel Documentation

Currently you are required to carry the following document to prove you have a legitimate reason to travel. The document you require will be made available on your Evision portal from May 2021 for students intending to travel in September 2021.
