COURSE ENROLMENT

Course enrolment is conducted via a bidding exercise in July (Term 1) and December (Term 2) each year. Only **undergraduate** courses are applicable to exchange students (Course Codes 001-499).

Students will be given e\$100 dollars (**one-time only**), for bidding of all their desired courses. This empowers them to draw up their own timetable based on their recommended study plan (subject to constraints of curriculum requirements and the supply and demand of classes). It is important for students to familiarise themselves with the information, policies and procedures which will be provided after they complete their application, to facilitate the course bidding process. Details and instructions for the course bidding exercise, together with the list of final undergraduate courses offered to exchange students shall be sent to students via e-mail, between two to four weeks before the course bidding exercise.

Demand could be high for some courses e.g. fundamental freshmen courses. Students are encouraged to be pro-active and flexible in their study plans, as well as to seek pre-approval for more courses than necessary from their home university, to ensure a smooth course enrolment process.

Students are required to follow the steps in preparation for the course bidding and enrolment:

1. Read the course bidding guide and review list of final course offerings for the intended exchange term
2. Seek pre-approval from the home university to enroll for the courses of interest at SMU
3. Check for pre-requisites applicable to the courses of interest
4. Consult the respective SMU course instructors on the fulfilment of pre-requisites, if any, for the courses of interest

For planning purposes, students may refer to the [SMU Course Catalogue](#) for course offerings of previous terms. This catalogue serves as reference only as not all courses listed are available to exchange students.

IMPORTANT:

- *Course enrolment strictly adheres to the SMU academic policies and guidelines. It is subjected to the vacancies available, fulfilment of course pre-requisites (if applicable) and bidding outcome of the student.*
- *Course enrolment is not guaranteed. It strongly advised that students nominated for exchange should not be completing their final term of studies during their exchange at SMU.*

TRANSCRIPT

Two original copies of the transcript for each student shall be sent to the partner universities, two months after the release of the final examination results, i.e. February (Term 1) and June (Term 2).

SMU does not issue e-transcripts for non-graduating students. It is essential that students retain the original copies for future use as additional / replacement transcripts are chargeable.

However, placements are limited and subjected to availability. For information and application details, please refer to the [SMU website](#) on student housing facilities.
