**Safeguarding Reporting Process**

In most eventualities, Safeguarding risk assessments will help to mitigate the risk of a safeguarding incident occurring and will provide useful guidance on steps to take should incidents arise. All safeguarding incidents and concerns should be reported via [https://warwick.ac.uk/services/wss/safeguarding/reportform/](https://warwick.ac.uk/services/wss/safeguarding/reportform/) or to safeguarding@warwick.ac.uk.

For immediate advice and support out of hours, please contact the Community Safety team on 02476 522083, noting that if any individual child or adult is perceived to be at risk of immediate harm off campus, the relevant emergency service should be contacted.

- Find a quiet place where you will not be interrupted – leave the door open
- Stay calm and listen carefully
- Make notes using their own words
- Reassure them that they were right to share this information with you – let them know that you will need to share the information with other people within the university who will be able to help
- It is not your role to investigate or to provide counselling support
