

Travel advice for students waiting on a corrected BRP

The following was received from the University of Warwick's Home Office UKVI Premium Account Managers on 6 December, 2022:

"We have been assured, anyone who has a BRP Card which is valid, and the duration allows them to leave and re-enter the UK over the festive period may travel using the BRP Card they already have; if they do not have a BRP Card but their Entry Clearance vignette's duration will allow them to leave and re enter over the festive period again these individuals may travel using the documents they have.

If for any reason the cards are cancelled and reissued while the individual is overseas, we have been assured Border Force officials will allow individuals to re enter the UK with the BRP Card they have, and to collect their new BRP Card upon arrival to the UK."

If you are waiting for a new BRP to be issued to you following an error report, and wish to travel overseas using the BRP with errors, we recommend that you carry with you the following information, in addition to this document:

- Your Home Office decision letter/email which confirms your grant of leave
- Any email correspondence from the University of Warwick or Home Office UKVI relating to the BRP error
- A student status letter confirming your enrolment: [Certificate of Status Letter \(warwick.ac.uk\)](https://warwick.ac.uk)
