

* Individuals using the European temporary Leave to Remain route will not be able to extend leave to remain further (unless they are eligible to do so under the new skills-based future Immigration system which will begin from January 2021, for example, if their course is longer than 3 years). They will not be eligible for the Settled Status scheme and their time in the UK whilst holding the European Temporary Leave to Remain can't be counted towards future indefinite leave to remain applications.
