

Hello <<First Name>>,

## **Term 2**

We are writing to you about Warwick's plans for spring term 2021 (term 2), and how, if needed, you can inform us about your own plans for January.

The University will, as in the autumn term, offer all of its students a blended teaching approach. This means that we look forward to seeing you on campus when Warwick reopens for term 2. We firmly believe that face-to-face teaching, supported by online learning, will give you the best possible experience of study at Warwick.

Once you're back on campus, you can make the most of your accommodation, our study spaces, and the opportunity to reconnect with friends and classmates. And Warwick Presents, our rolling programme of food, fun and activities, will ensure campus is a welcoming, exciting place to be.

However, we understand that due to travel limitations or personal circumstances, some of you may need to continue your learning on line for some, or all, of term 2.

### **Notifying us if you're unable to come to campus in term 2**

#### **For student domiciled outside of the UK**

1. If you are genuinely **unable to join us on campus** for the start of term 2 (**w/c 11<sup>th</sup> January 2021**), due to mitigating circumstances <https://warwick.ac.uk/coronavirus/students/arrival/> and **plan to continue studying remotely**, you will need to first check that your **course can be taught on line** in term 2 <https://warwick.ac.uk/coronavirus/students/arrival/list>, and then notify us by of your intentions (**insert departmental process**) by 15 December 2020.
2. **If you are studying remotely currently** and if you intend to join us in term 2 then you don't need to get in touch, we look forward to seeing you
3. **For all of you already here on campus** – you don't need to take any action. We know you are here.

#### **Visa and immigration considerations**

Please remember there are implications if you continue to study fully online. For more information see our [Arrivals, Immigration and dates](#) webpage for further information on term 2.

You may find it useful to view the [Student Immigration and Compliance webpages](#) if you have further queries, and our [Wellbeing Services](#) team are also available if you need to speak with someone.

#### **For UK students**

If you're a home student based in the UK and after careful consideration of the defined criteria <https://warwick.ac.uk/coronavirus/students/arrival/> feel you have no option but to be considered for a late arrival for term 2 please you will need to contact us for approval (**insert method**).

#### **Accommodation**

If you are getting in touch with us about your term 2 arrangements, and you have an accommodation booking for term 2, we strongly recommend you get in touch with [Warwick Accommodation by 15 December](#), or your private accommodation provider.

**Further information and what's next**

Please also continue to check the [Stay Safe at Warwick](#) website, and look out for MyWarwick app alerts to see if changing circumstances are likely to further affect your studies.

In the meantime, please look after yourselves and your families.

Best wishes,
