Guide for applications: Graduate Route Visa

This application guidance is for University of Warwick graduates who are eligible to make a Graduate Route Visa application from within the UK following the conferral of their degree.

This guide has been produced by the University of Warwick Immigration Service. It is not endorsed in any way by Home Office UK Visas & Immigration. Immigration Rules can change frequently and at short notice so you are always advised to refer to the most recent official guidance.

The University of Warwick takes no responsibility for visa applications submitted as a result of using this guidance.

Guidance last updated in January 2022.
Graduate Route Visa applications are expensive. The current standard service application fee (January 2022) is £700, which will not be refunded if your application is refused.

Therefore you must not proceed unless all of the following are true:

1. You have checked you are eligible, and that the award you have received is eligible.

2. You have successfully completed your studies (you will no longer have the Right to Study at Warwick with a Graduate Route Visa), and your award has been conferred by the University (e.g., you have no debt to the University or outstanding resits).

3. You are currently inside the UK, and the Student or Tier 4 Visa you used to complete your studies is still valid and has not expired.

4. You received specific email confirmation from Warwick stating that a report of your successful completion has been made to the UKVI for the purposes of the ‘Graduate Route’ (see example to the right) – you will need the included CAS number.
Proving your identity and providing supporting documents

As part of your application, you’ll need to prove your identity.

If you’re from the EU, Switzerland, Norway, Iceland or Liechtenstein, you usually do this by scanning your passport with the ‘UK Immigration: ID Check’ app.

If you’re not from the EU, Switzerland, Norway, Iceland or Liechtenstein, you usually do this by scanning your biometric residence permit (BRP).

If you cannot scan your passport or BRP with the app, you’ll be asked to get your fingerprints and photograph taken at a UK Visas and Immigration (UKVI) account, or create a new one.

You’ll need to sign into an existing UK Visas and Immigration (UKVI) account, or create a new one.

You’ll be told what you need to do when you apply.

If you do need an appointment, the centre may need to keep your passport and documents while they process your application.

You must not travel outside of the UK, Ireland, the Channel Islands or the Isle of Man until you get a decision. Your application will be withdrawn if you do.

Apply for a Graduate visa

Once you’ve started your application, you can save your form and complete it later.

Start now

If you have a smartphone (i-phone 7 or never, or Android with NFC (near-field communication) capabilities, you may be able to complete all steps of this application online by using the UK Immigration: ID Check app to scan and verify your:

- EEA/Swiss Passport with biometric chip OR
- Tier 4/Student Biometric Residence Permit (BRP)

If you can do this, you will not need to attend an in-person appointment with UKVCAS, and if granted, you will receive a digital status. If you are NOT on the UK Government’s Visa National List, you will not receive a new BRP following this application.

If you don’t

You can still make the application without using the app, but may be required to attend a UKVCAS appointment, and will be issued with a new BRP if your visa is granted.
Are you intending to live in one of the Crown Dependencies of the United Kingdom?

The Crown Dependencies are Jersey, Guernsey and the Isle of Man.

Select ‘no’

Do you have a current EU, EEA or Swiss passport?

The EEA includes the EU countries and Iceland, Liechtenstein and Norway.

If yes, and it has a biometric chip, you will be taken to start the ID verification process with your passport, skip to page 5 of this guide. If you do not, select ‘no’

If you see this screen, you will be able to use the UK Immigration: ID Check app to verify your identity if:
- You have access to a supported smartphone (it doesn’t have to be your own phone)
- You are able to receive the decision letter (outcome of your application) by email

If you are not able to access an appropriate smartphone or receive your decision letter by email, select the appropriate statement. You will not be able to use the app, and will need to provide your documents via UKVCAS after your application – skip to page 7 of this guide.

Do you have a UK biometric residence permit (BRP)?

You will need your BRP to confirm your identity. If you have lost your BRP, select No.

Select ‘yes’ unless you have lost your BRP. If you have lost your BRP, see our information here.

Is your name on your biometric residence permit the same as on your current passport?

If the answer is ‘no’, you will not be able to use the ID verification app, skip to page 7 of this guide.

Check you can use the app

You can use the app on:
- an iPhone 7 or newer models
- an Android phone with near-field communication (NFC)

Check the phone’s settings to see if it has NFC. The phone has NFC if you can use it to make contactless payments.

If you do not have a phone

Ask a friend or family member if you can use their phone. No information is stored on the app or phone after you close it.

You do not have to apply on the phone - you can do the rest of your application on your computer or another device.

We will send your decision letter by email - this can be your email or someone else’s. You do not use your decision letter to prove your status.

I do not have a phone that can use the app

I am applying in the UK and I cannot receive my decision letter by email

(These questions are to establish whether or not you can use the UK Immigration: ID Check app to prove your identity, and which document you can use to do so.)
