We can provide INFORMATION, not ADVICE

International Student Advisers:

- Regulated by OISC (The Office of the Immigration Service Commissioner), specialist in student visas.
- Can provide information and signpost about work visas.
- Cannot give 1:1 advice about work visas (except for Doctorate Extension Scheme, or DES for PhD students).
- Cannot assist with applications or check complete applications (except for DES)
- Seek specialist advice from regulated Immigration Advisers or the H.R. department of the employer.
Visas for Working in the UK -
(for students from outside of EEA/Switzerland)

Covering

• Working whilst studying
• 2 Year Graduate Route (3 years for PHD Students)
• Skilled Workers (previously TIER 2 General)
• Youth Mobility Scheme (T5)
• Temporary Worker (T5)
• Doctorate Extension Scheme (PhD students only)

TIER 4 is now referred as Student Visa

(correct as of Jun 2021)
Tier 4 / Student visa

- **Your work permission is clearly stated on your visa/BRP**
- **With certain restrictions:** cannot fill a full time/permanent position; cannot be self-employed or engage in business activity; cannot work as doctor/dentist in training, professional sportsperson or entertainer.
- **For Master’s students:** can work (including voluntary work) up to 20 hours per week (Monday to Sunday) during course registration period. After the ‘course end date’ in CAS, can work full time but must revert back to 20 hours if need to resit/resubmit/extend (note not all employers recognise this).
- **Work placement:** a possibility if considered an integral and assessed part of the degree
- **Evidence of work permission:** BRP card, or, Tier 4 visa in a current passport. May request a ‘status letter confirming work permission’ from Warwick Immigration website.
  - [https://warwick.ac.uk/study/international/immigration/current/statusletter/](https://warwick.ac.uk/study/international/immigration/current/statusletter/)
- **Volunteering:** no restrictions on how much hours but different to ‘voluntary work’, or ‘unpaid work’ - if unsure, stick to ‘20 hours per week’
Working During Studies

The conditions of a Student or Tier 4 (General) visa dictates that you must not:

Fill a full-time permanent vacancy

• Be self-employed or engaged in a business activity (more information)
• Be employed as a doctor or dentist in training (unless on a recognized Foundation Programme)
• Be employed as a professional sportsperson or entertainer
• “Engagement in a business activity” Student Policy Guidance (page 102 and 113)
• Work a maximum of 20 hours per week during term-time – Term time is only for Undergraduate students and not for Masters/PHD/ Research students.
  • The 20 hours is the total limit and it is not 20 hours for each employer/job. If you are working for multiple employers or at multiple jobs, the total hours should still not exceed 20 hours per week
Working During Studies

Where you are following a course of degree level study or above, excluding a foundation degree, the following work is usually allowed - Always check your Visa Vignette or BRP card first in case there is an error on it:

- Part-time during term-time, that is, no more than 20 hours per week, which is defined by the Home Office as Monday to Sunday – Please be aware the Masters and Phd students do not have term-time.
- Full-time during vacations - This does not apply to Postgraduate students - see below
- Full time on a work placement provided that it is an assessed part of the course and is not more than 50% of the total length of the course

Where you are following a course of study below degree level, including a foundation degree, the following work is usually allowed - Always check your Visa Vignette or BRP card first in case there is an error on it:

- Part-time during term time, that is, no more than 10 hours per week which is defined by the Home Office as Monday to Sunday
- Full-time during vacations
- Full time on a work placement as an assessed part of a course
Student visa — Use your current visa for internship or job offer

- Use the 4 months ‘wrap around’ period to do short work placement/internship
- No requirement for sponsorship during this period
- Same work restrictions apply (as work during studies)
- May then switch into work routes such as Skilled or Temporary Worker

2 year Graduate Route – What we know so far

**Who can apply?**

Any student who:

Successfully completes an undergraduate or postgraduate degree (or certain other qualifications) at a UK *higher education institution with a track record of compliance* (such as Warwick)

- Has been present in the UK for 12 months during their course
- Remains in the UK with current student permission at the time of application
- Has not previously held permission under the Graduate Route

Leave granted:

- 2 years for UG PG students
- 3 years for PHD students

- Does not require a visa sponsorship or job offer

- Successful applicants on this route will be able to stay and work, or look for work, in the UK at any skill level for a period of two years. Graduates will be able to switch into skilled work once they have found a suitable job
  - You cannot be self employed Or undertake full-time studies
The new route will be launched on 01 July 2021, meaning that any eligible student who graduates in the summer of 2021 or after will be able to apply for the route. This includes students who have already started their courses, even if, due to COVID-19, they have needed to undertake some of their learning remotely.

There will be an application fee of £700, and the Immigration Health Surcharge will be payable (£624 per year of visa)

Remains in the UK with current student permission at the time of application

Absences from the UK due to COVID

There are several concessions to the study in UK requirement which have been introduced in response to the coronavirus pandemic for students due to graduate in 2021. It is important to remember that these concessions are subject to change without warning, and do not form part of the immigration rules. The below is an explanation of the most recent concessions we are aware of, as published by the UKVI on 11 June 2021:

Where distance learning took place overseas between 24 January 2020 and 27 September 2021, this will not prevent the applicant meeting the requirement to spend the relevant period studying in the UK if:

- (a) You are studying on a course lasting more than 1 year
  - or
- (b) You are studying on a course lasting 1 year or less
  - AND
- you arrive in the UK for the first time using your student visa by 27 September 2021

If you are enrolled on a 1-year Postgraduate course which started in Autumn 2020 or Spring 2021:

If you have not yet travelled to the UK, you must arrive on or before 27 September 2021.

If you have already entered the UK using your existing student visa, but have since left, you must return before the expiry date of your visa.

Short Absences during studies

If you have had short absences from the UK such as taking a short holiday, where the absence is less than 3 months in total in the last 12-month period it is unlikely to affect to eligibility. However, we are still waiting for official confirmation of this and will update this webpage from July 2021 when the detailed guidance are published.

• Student visas expiring before the launch of this route will not be eligible to stay in the UK (student cannot extend their current visa unless the course itself is extended)
• Up to date information is provided HERE
• If the applicant has in the 12 months before the date of application been awarded a scholarship or sponsorship by a Government or international scholarship agency covering both fees and living costs for study in the UK, they must provide written consent to the application from that Government or agency.

• Please do not submit the visa application before the University has confirmed you can do so. Without the confirmation your application will be refused

For now, the above is the only information provided by the government. Exact information will be provided once the government published the policy. Once this has been done, we will update our immigration webpages. https://warwick.ac.uk/study/international/immigration/othervisas/graduate_route_work_visa/
Skilled Worker Route
(replacement of TIER 2)
Skilled Worker Route

- A Skilled Worker visa allows you to stay or come to the UK to do an eligible job with an approved employer.
- You must have a confirmed job offer before you apply for your visa. You must apply for a skilled worker visa before your student visa expires (if you are in the UK and want to qualify as entrant level).
- Your visa can last for up to 5 years before you need to extend it.
  - You’ll need to apply to extend or update your visa when it expires or if you change jobs or employer.
  - Applicants can be new entrants for a maximum of 4 years.

A total of 70 points are required to be eligible to apply; some characteristics are tradeable.

Skilled Worker Route

**Example 1:**

Dr X is appointed to a University Lecturer role under SOC Code 2311 (higher education teaching professionals) on a permanent contract at **35 hours per week** and will have a starting salary of £33,797.

- The **going rate** for SOC Code 2311 at **39 hours per week** is £40,700 which means the going rate for Dr X (on 35 hours per week) is: £36,526.
- Dr X salary will be **above the general threshold of £25,600** but **below** the applicable going rate therefore Dr B **cannot** automatically score 20 points for salary.
- **However**, Dr X holds a PhD in a STEM subject relevant to the job which means they are able to ‘**trade points**’ for salary. As Dr X’s salary is over 80% of going rate, they are able to get the **additional 20 points** needed.

**Example 2:**

Ms Y is appointed to a Laboratory Technician role under SOC code 3111 (laboratory technicians) on a permanent contract at **36 hours per week** and will have a starting salary of £23,143.

- The **going rate** for SOC Code 3111 at **39 hours per week** is: £18,200 which means the going rate for Ms Y on 36 hours per week will be: £16,800.
- Ms Y’s salary will be above the applicable going rate but below the general threshold of £25,600. Therefore Ms Y **cannot** automatically score 20 points for salary.
- **Unfortunately**, Ms Y does not have a; PhD, does not meet any of the criteria for a new entrant, and SOC code 3111 is not listed as a Shortage Occupation.
- Therefore, Ms Y scores 0 points for salary and is **not** eligible for sponsorship and only scores a total of 50 points.
Skilled Worker Route

    o a government department or agency
  ❖ You need to have a certificate of sponsorship from a licensed sponsor before you can apply to come to the UK to work.

  *Your sponsor can give you a multiple entry certificate of sponsorship so you can leave and return to the UK.*

  *Some examples of Independent T5 sponsors; ACCESS TIER 5, TIER 5 INTERN, BUNAC*

➢ You must have at least £1,270 in your bank account to show you can support yourself in the UK.
  • You will need to have had the money available for at least 28 days in a row. Day 28 must be within 31 days of applying for this visa.
  • You’ll usually need to show proof of this when you apply, unless either:
    o you’ve been in the UK with a valid visa for at least 12 months
    o your employer can cover your costs during your first month in the UK, up to £1,270
What you can and cannot do

You can:

- study (for some courses you’ll need an Academic Technology Approval Scheme certificate)
- work in the job described in your certificate of sponsorship
- do a second job for up to 20 hours per week
- do a job on the Skilled Worker shortage occupation list for up to 20 hours per week as well as your main job
- apply to change (‘switch’) to a Global Talent visa if you’re in the government authorised exchange scheme for sponsored researchers
- bring your partner and children with you as your ‘dependants’, if they’re eligible

You cannot:

- take a permanent job
- get public funds

Temporary Worker (T5) – Part 2

➢ You can switch into this category if you are in the UK on a Student / TIER 4 Visa
➢ The visa will be granted for a maximum of 12 months
   - You may then be able to switch to the Skilled Worker Route

➢ ATAS required – see details on HERE

Find out how to apply for endorsement and what you can do with a Global Talent visa if you work in one of the following fields:

- academia or research
- arts and culture
- digital technology

How long you can stay in the UK
You can live and work in the UK for up to 5 years at a time.

If you want to stay longer in the UK
There’s no limit to how long you can stay in the UK in total, but you will need to renew (‘extend’) your visa when it expires. Each extension can last from 1 to 5 years.
Tier 1 – different categories

- **Innovator Visa** – People who want to set up or run a business in the UK
- **Investors** – minimum £2m investment
Innovator Visa

Overview

• You can apply for an Innovator visa if:
  • you want to set up or run a business in the UK
  • you meet the other eligibility requirements
  • your business or business idea has been endorsed by an approved body

You must have at least £50,000 in investment funds if you want to set up a new business. You do not need funds if your business is already established and has been endorsed for an earlier visa.

Getting endorsed

Before you apply you need to have your business or business idea assessed by an endorsing body.

• You must be able to show that your business idea is:
  • a new idea - you cannot join or invest in a business that is already trading
  • viable, with potential for growth

Read the endorsing bodies list - you should only approach ones that are suitable for your business idea.
Innovator Visa

You must also:

• meet the [English language requirement](#)
  o Your current degree will meet the requirements hence you do not need to take any additional tests

• be at least 18 years old

• be able to prove that you have enough personal savings to support yourself while you’re in the UK
  • If you are in the UK for 12 consecutive month before making this visa application then you do not need to provide financial evidence
  • If you have been away from the UK for over 3 months OR applying for the visa form overseas then you will need to show £1270 held in the bank account for 28 consecutive days

• Read the [specific requirements for the Innovator visa](#) before you apply.

How long it takes to get a visa

The earliest you can apply is 3 months before you travel.

*Example*: You can apply from 16 March if you plan to travel on 15 June.
You should get a decision on your visa within 3 weeks.
You can check the [guide processing times](#) to find out how long getting a visa might take in your country.
Innovator Visa

How long you can stay

You can stay for 3 years if you:

• come to the UK on an Innovator visa
• switch to this visa from another visa

You can apply to extend for another 3 years when your visa is due to expire. There’s no limit on the number of times you can extend.

You may be able to apply for settlement (known as ‘indefinite leave to remain’) once you’ve been in the UK for 5 years.

If your endorsement is withdrawn

Your visa may be cut short if your endorsement is withdrawn. If you want to stay longer, you must re-apply with a new endorsement before your current visa expires.

What you can Do:

set up a business or several businesses
work for your business - this includes being employed as a director, or self-employed as a member of a business partnership
bring family members with you

What you Cannot do:

any work outside your business, for example work where you’re employed by another business
work as a doctor or dentist in training
work as a professional sportsperson, for example a sports coach
get public funds
Innovator Visa

Eligibility

Before you apply you need to have your business or business idea assessed by an approved body. They will provide you with an endorsement letter if your business is viable.

You must also:
• meet the English language requirement
• be at least 18 years old
• be able to prove that you have enough personal savings to support yourself while you’re in the UK

Read the specific requirements for the Innovator visa before you apply.

If you want to set up a new business

You must have at least £50,000 in investment funds to apply for an Innovator visa if you want to set up a new business. Your funding can come from any source.

You do not need any investment funds if your business is already established and has been endorsed for an earlier visa.
**Investors (TIER 1)**

- Not a work category, but individuals with at least £2 million to invest in the UK can be employed, self-employed or study with this leave.
- You can switch in the UK if you currently hold a Student visa.
- You must be 18 or over to apply for this visa.
- You need to be able to prove that the money belongs to either you or your husband, wife, unmarried or same-sex partner.
- You need to have opened a UK bank account.
- Your funds must be:
  - held in one or more regulated financial institutions
  - free to spend (‘disposable’) in the UK
  - Your money can be in the UK or overseas when you apply.
- You can come to the UK with this visa for a maximum of 3 years and 4 months.
- You can apply to extend this visa for another 2 years.
Tier 4 – Doctorate Extension Scheme (DES)

• **What:** 1-year Tier 4 extension sponsored by Warwick to work/look for Tier 2 sponsor (not tied to any employer), from the ‘expected award date of the PhD’.

• **Who:** students who have undertaken and near the completion of a PhD (or other doctorate level qualification) (not MPhil), and their dependents (spouse/partner, children)

• **Where:** must submit visa application in the UK

• **How:** submit ‘express of interest’ form when you know the viva date and it is within 2 months to the viva date; make an appointment with an International Student Adviser, submit application within 60 days before ‘expected degree award date’.
  - If the outcome of your VIVA is corrections then your end date will change depending on the type of corrections hence you will have to calculate the 60 day period according to the new expected degree award date.

• **When:** can start working full time as soon as PhD is awarded

• **Type of Work:** any but NOT as doctor/dentist in training, professional sportsperson or coach

• **Requirement:** same Tier 4 requirement (CAS, other documentation but reduced finance); must meet monitoring points as set by the University
Falling in love?

If you are in a relationship you may be able to switch to a visa category which permits work.

This usually applies to people who are already married/ in civil partnership, or have co-habited in a relationship akin to marriage for 2 years.

- If your other half is also on a student visa but longer length than yours: you can switch from a student visa to a dependent visa
- If your other half is a UK national or someone who has settled in the UK: you may be able to switch to a spouse visa
- If your other half is an non-UK EEA national: you may be able to claim residency under the EU settlement Scheme OR if the EU national holds a Settlement Status.
Next Steps

• Think about what you want to do and start preparing
• Start gathering documents if possible
• Make sure you are aware of the timing for making an application
• Ensure you refer to the relevant Policy Guidance published by the UKVI when making any application
• May wish to seek advice from your employer or seek independent specialist advice
