

Guide for student visa applications made inside the UK

This application guidance is for University of Warwick students **who do not hold an EU/EEA passport** and who are applying for a Student Visa from **inside the UK**.

To be eligible to apply for a visa inside the UK, you must meet the following criteria:

- You must not be applying more than 3 months before the course start date on your CAS
- There is no more than 28 days between the end of your current visa and the course start date on your CAS
- You currently hold a visa type which allows you to switch into the Student route from inside the UK, or you are applying to extend a Student Visa
- You satisfy UKVI rules on academic progression

Make sure that you meet the academic progression requirements before you apply to extend your Student Visa inside the UK. You may need to apply overseas. Please read the information on our website

<http://www2.warwick.ac.uk/study/international/immigration/tier4/acprog>

If your CAS states that you will be making your visa application from overseas, do not attempt to apply from inside the UK as your application may be refused on grounds of academic progression.

Please note

The Immigration Service have created these guidance notes to assist with the Student Visa application using screen shots from the Home Office website and online form. This guidance is not endorsed by UK Visas and Immigration

THIS GUIDANCE SHOULD ONLY BE USED BY **UNIVERSITY OF WARWICK** STUDENTS FOR VISA APPLICATIONS MADE INSIDE THE UK

- This guide is best used with the information available on our website www.warwick.ac.uk/immigration and the [most recent version of the Home Office student visa guidance: www.gov.uk/government/publications/points-based-system-student-route](http://www.gov.uk/government/publications/points-based-system-student-route)
- The information shown here is correct at the time of writing but immigration regulations are subject to change at short notice, as can the visa application form - always contact the Immigration Service if you are unsure of something relating to your visa application or if the application form you are using appears different to the version shown here
- This guide was last updated in **June 2022**
- The Immigration Service cannot guarantee the successful outcome of any application as this decision is made by the Home Office
- **Answer truthfully to all the questions and provide as much as details as possible. Failure to declare the information will result in a visa refusal + a ban from the UK due to using deception in the application.**

How you access the application form and confirm your identity will depend on whether or not you are able to use the UKVI IDV app.

If you can use the IDV app you will need to follow the instructions onscreen and create an account with the Home Office using a form of photo ID, such as your passport or BRP. You will need this information each time you log into your account.

If you cannot use the IDV app you can still complete the online visa application form but will need to attend an in person appointment at a UKVCAS centre.

Since access to the IDV-form is limited to those actually applying we cannot produce a step-by-step guide using screen shots. Instead this guide is produced using the application form which does not require IDV access. The questions/answers are the same and the guide should be helpful whether you are using the IDV app or not.

War crimes

In either peace or war time have you ever been involved in, or suspected of involvement in, war crimes, crimes against humanity, or genocide?

War Crimes are grave breaches of the Geneva Conventions committed during an armed conflict. This includes an internal armed conflict and an international armed conflict.

The types of acts that may constitute a war crime include:

- wilful killing
- torture
- extensive destruction of property not justified by military necessity
- unlawful deportation
- the intentional targeting of civilians
- the taking of hostages
- Crimes against humanity
- Acts committed at any time (not just during armed conflict) as part of a widespread or systematic attack, directed against any civilian population with knowledge of the attack. This would include offences such as murder, torture, rape, severe deprivation of liberty in violation of fundamental rules of international law and enforced disappearance of persons
- Genocide
- Acts committed with intent to destroy, in whole or in part, a national, ethnic, racial or religious group

This guidance is not exhaustive. The full definitions of war crimes, crimes against humanity and genocide can be found in Schedule 8 of the International Criminal Court Act 2001 at [legislation.gov.uk](https://www.legislation.gov.uk). Even if you are **fully sponsored** this page will still appear – you should answer the first question ‘yes’ because the scholarship/sponsorship award is in your name. The other questions should then not appear.

If you are using bank statements in your **own name** then you should answer the first question ‘yes’. The other questions should then not appear.

If you are using bank statements in a **parents’ name** then you should answer the first question ‘no’. You will then be asked if you are using a parent or legal guardians money and if you have their permission; answer ‘yes’ to both. When using funds from a parent/legal guardian you will need to provide original evidence of your relationship as per one of the documents listed – indicate which you will including with your visa application.

The following are **not** accepted as evidence to show you have the required amount of money: overdrafts; bitcoin savings; stocks and shares; pensions; bank accounts that don’t use electronic record keeping.

You, or the account holder (such as your parents or partner), must have control of the funds you are relying on. You must show the funds have been held for 28 days, unless you are relying on a student loan or official financial sponsorship. The bank statement(s) or evidence you use to show the funds **have been held for 28 days and the closing balance/ last transaction must be no older than 31 days before you submit your application online.** The 28 days is calculated from the date of the last transaction in the last dated bank statement.

If you’re using your own money, or that of a parent you’ll need to show you have the required amount of money in an account. You can provide: bank statements; building society passbooks; certificates of deposit; a letter from your bank or building society

Your bank statement should show information like: the date it was issued; your name (or the account holders name if it is your parent or partner); the name of the bank or building society; balance on the account. You can provide a download of electronic bank statements as long as it has this information. You do not need to have these stamped by the bank.

Pay towards your healthcare in the UK

You may need to pay a healthcare surcharge (called the 'immigration health surcharge' or IHS) as part of your visa application.

You'll then be able to use the National Health Service (NHS). You'll still need to pay for certain types of services, [e.g. prescriptions, dental treatment and eye tests](#).

Cost

The healthcare surcharge is £400 per year of the visa and is payable in full to cover the maximum length of the visa. If you're applying for a student visa the healthcare surcharge is £300 per year.

Example

A person making a 5-year visa application would pay $£400 \times 5 = £2000$.

Use this service to:

- pay the healthcare surcharge (unless you are applying for your visa online or at a UK Premium Service Centre)
- get an IHS reference number which will be included in your visa application - you'll need this even if you don't have to pay

You'll need:

- your passport or travel document
- your payment card

! You may be exempt from paying the healthcare surcharge but you still need an IHS reference number.

Continue

You will need a credit or debit card to pay the IHS.

Please be aware that your bank may need you to complete some security checks before payment can be taken.

If you are using an overseas bank account, check in advance if they will need notification of large transactions from the UK so that the payment will not be refused.

If the card is for your parent's overseas bank account, please take into account the security check may go through to their email or phone and so you will need to be able to contact them at the time you submit your application.

Please note, from 27 October 2020, the Immigration Health increases to **£470** a year. This guidance was produced before the fee increase and therefore shows the previous yearly fee of £300.

▶ Before you book the appointment for the application centre:

- Download the **Documents Checklist**, as you will need to take this with you at the application centre (along with the rest of the documents mentioned on the checklist). You will also need to provide this to the University if you intend to enrol or start a new course before you receive a decision on this visa application.
- Download the TIER 4 form and keep it for your records (the online form/account will be deleted by the UKVI). You do not have to print this out and you do not need to take this at the appointment – This is purely for your records.
