Before you can make a BRP Vignette Transfer application:

**TB Certificate:**

If you required a TB Certificate for your visa application, and this has expired, you will NOT need to obtain a new one to make the BRP Vignette Transfer application.

**CAS Latest Start Date:**

If your CAS Latest Start Date has passed, you will need to provide evidence that the University has agreed to a later start date with this application.

Most students who have been issued a CAS but have not yet travelled to the UK should receive a confirmation email from the University if their Latest Start Date has been extended.

If you have not received such confirmation, you should contact the Team that issued your CAS, and request that they make a Student Delayed Report on your behalf.

*You do not need a new CAS to make a BRP Vignette Transfer Application.*

**Fees and Biometric Data:**

You will have to pay a fee for this new application and provide your biometric information again by attending an appointment.
Once you have done the steps above:

You should click on the following link to begin your application:
