Am I eligible for a CAS for the Pre-sessional English Course (Phase 4 & 5 in the summer)
(for International students who require a Tier 4 visa to study in the UK)

Guidance issued by: Immigration Service, University of Warwick, Version 4, Last updated: 28/02/18

1. Have you received an offer to study a postgraduate course (Master’s or PhD) at Warwick?
   - **YES**: You are eligible for a CAS for the PSE course. Please go ahead and apply for the PSE course. Once you receive an offer, you will be offered a ‘Combined CAS’ which covers both the PSE and your main course (the CAS process usually starts 2-3 months before the PSE course start date).
   - **NO**: Please wait until you have received an offer.

2. Do you have an unconditional offer for your academic course?
   - **YES**: You are eligible for a CAS for the PSE course. Please go ahead and apply. Once you receive an offer, depending on WHEN you can meet the other offer condition, you may receive a CAS for the PSE course only, or a ‘combined CAS’.
   - **NO**: Please wait until you have received an offer.

3. Do you have an ‘IELTS for UKVI’ certificate which meets the English language offer condition? *
   - **YES**: If you already have a valid English language certificate which is slightly below the offer condition (for example, by 0.5 point on IELTS), check with your Admissions team as to whether your academic department will accept completion of a PSE course to meet the English language offer condition instead. If they agree, then you are eligible to apply for the PSE course and will be offered a ‘combined CAS’. If they don’t agree, or, if your scores are too low, you should re-take an English language test to meet the offer condition.
   - **NO**: You are not eligible for a CAS for the PSE course, or to use the PSE to meet offer condition. You should re-take an English language test to meet your offer condition.

4. Is English language condition the only outstanding condition?
   - **YES**: You are eligible for a CAS for the PSE course. Please go ahead and apply. Once you receive an offer, depending on WHEN you can meet the other offer condition, you may receive a CAS for the PSE course only, or a ‘combined CAS’.
   - **NO**: Please note that if the offer condition is the ‘award of your degree and final grade’, in considering whether you can meet the offer condition by the application deadline, you will need to allow for processing time; think about when you will receive official confirmation of this, how long it would take to post to the UK, and allow for 5 days of processing time for Admissions to update your offer.

* This includes where your ‘IELTS for UKVI’ meets the English language offer condition, or, where your ‘IELTS for UKVI’ does not meet the English language offer condition but the Admissions team has confirmed with your academic department that they are happy for you to meet the offer condition by attending the Pre-sessional English language course, instead of re-taking an English language test.

Please note that your Eligibility for a CAS is subject to other criteria and full assessment will be made as part of the CAS assignment process which will normally start 2-3 months prior to the PSE course start date (For more details, see www.warwick.ac.uk/immigration/visas/student/cas).
