Am I eligible for a CAS for the Pre-sessional English Course (Phase 4 & 5 in the summer) (for International students who require a Tier 4 visa to study in the UK)

Guidance issued by: Immigration Service, University of Warwick, Version 5, Last updated: 18/06/19

Have you received an offer to study a postgraduate course (Master’s or PhD) at Warwick?  
YES  
 YOU ARE ELIGIBLE FOR A CAS. Please go ahead and apply. Once you receive an offer, you will be offered a ‘Combined CAS’ which covers both the PSE and your main course (the CAS process usually starts 2-3 months before the PSE course start date).

NO  
Please wait until you have received an offer.

Do you have an unconditional offer for your academic course?  
YES  
YOU ARE ELIGIBLE FOR A CAS. Please go ahead and apply. Once you receive an offer, depending on WHEN you can meet the other offer condition, you may receive a CAS for the PSE course only, or a ‘combined CAS’.

NO  
Please wait until you have received an offer.

Do you have an ‘IELTS for UKVI’ certificate which meets the English language offer condition? *  
YES  
If you already have a valid English language certificate which is slightly below the offer condition (for example, by 0.5 point on IELTS), check with Pre-sessional English team as to whether your academic department will accept completion of a PSE course to meet the English language offer condition. If they agree, then you are eligible to apply for the PSE course and will be offered a ‘combined CAS’. If they don’t agree, or, if your scores are too low, you should re-take an English language test to meet the offer condition.

NO  
You are not eligible for a CAS for the PSE course, or to use the PSE to meet offer condition. You should re-take an English language test to meet your offer condition.

Is English language condition the only outstanding condition?  
YES  
YOU ARE NOT ELIGIBLE FOR A CAS. You must re-take an English language test to meet your offer condition.

NO  
Can you meet the other offer condition by the PSE Application Deadline (i.e., 10 June 2019 for 10-week course and 8 July 2019 for the 6-week course)?  
YES  
YOU ARE ELIGIBLE FOR A CAS. Please go ahead and apply. Once you receive an offer, depending on WHEN you can meet the other offer condition, you may receive a CAS for the PSE course only, or a ‘combined CAS’.

NO  
You are not eligible for a CAS for the PSE course, or to use the PSE to meet offer condition. You should re-take an English language test to meet your offer condition.

Please note that if the offer condition is the ‘award of your degree and final grade’, you will need to post your documents by courier (this means arriving in the UK/our overseas office or official agents in <5 working days) by the above Application Deadline. Our Admissions team will update your offer condition as soon as possible, and will aim to issue your CAS at least 2 weeks before the PSE course start date. You should use ‘super priority service’ or ‘priority service’ when you make your Tier 4 visa application.

* This includes where your ‘IELTS for UKVI’ meets the English language offer condition, or, where your ‘IELTS for UKVI’ does not meet the English language offer condition but the Pre-sessional English team has confirmed with your academic department that they are happy for you to meet the offer condition by attending the Pre-sessional English language course, instead of re-taking an English language test.

Please note that your Eligibility for a CAS is subject to other criteria and full assessment will be made as part of the CAS assignment process which will normally start 2-3 months prior to the PSE course start date (For more details, see www.warwick.ac.uk/immigration/visas/student/cas).
