

Guide for applications: Graduate Route Visa

This application guidance is for University of Warwick graduates who are eligible to make a Graduate Route Visa application from within the UK following the conferral of their degree.

This guide has been produced by the University of Warwick Immigration Service. It is not endorsed in any way by Home Office UK Visas & Immigration. Immigration Rules can change frequently and at short notice so you are always advised to refer to the most recent official guidance.

The University of Warwick takes no responsibility for visa applications submitted as a result of using this guidance.

Guidance last updated in January 2022.

Sometimes separate pages on the application form are combined into one page on this guide. If this is the case, the screens shown in this guide should be read in the following order:

Graduate Route Visa applications are expensive
The current standard service application fee (January 2022) is **£700**,
which will not be refunded if your application is refused

Therefore you **must not proceed** unless all of the following are true:

1. You have checked you are eligible, and that the award you have received is eligible
2. You have successfully completed your studies (you will no longer have the Right to Study at Warwick with a Graduate Route Visa), and your award has been conferred by the University (e.g., you have no debt to the University or outstanding resits)
3. **You are currently inside the UK**, and the Student or Tier 4 Visa you used to complete your studies is still valid and has not expired
4. You received specific email confirmation from Warwick stating that a report of your successful completion has been made to the UKVI for the purposes of the **Graduate Route** (see example to the right) – you will need the included CAS number

Proving your identity and providing supporting documents

As part of your application, you'll need to prove your identity.

If you're from the EU, Switzerland, Norway, Iceland or Liechtenstein, you usually do this by scanning your passport with the 'UK Immigration: ID Check' app.

If you're not from the EU, Switzerland, Norway, Iceland or Liechtenstein, you usually do this by scanning your biometric residence permit (BRP).

You'll need to sign into an existing UK Visas and Immigration (UKVI) account, or create a new one.

If you cannot scan your passport or BRP with the app, you'll be asked to get your fingerprints and photograph taken at a [UK Visa and Citizenship Application Services \(UKVCAS\)](#) service point.

You'll be told what you need to do when you apply.

If you do need an appointment, the centre may need to keep your passport and documents while they process your application.

You must not travel outside of the UK, Ireland, the Channel Islands or the Isle of Man until you get a decision. Your application will be withdrawn if you do.

Apply for a Graduate visa

Once you've started your application, you can save your form and complete it later.

If you have a smartphone (i-phone 7 or newer, or Android with NFC (near-field communication) capabilities), you may be able to complete all steps of this application online by using the [UK Immigration: ID Check app](#) to scan and verify your:

- EEA/Swiss Passport with biometric chip OR
- Tier 4/Student Biometric Residence Permit (BRP)

If you can do this, you will not need to attend an in-person appointment with UKVCAS, and if granted, you will receive a [digital status](#). If you are NOT on the UK Government's [Visa National List](#), you will not receive a new BRP following this application

If you don't

You can still make the application without using the app, but may be required to attend a UKVCAS appointment, and will be issued with a new BRP if your visa is granted.

Connection code

You will be given a connection code in the app.

Enter connection code

Connect

Once you have downloaded to app, you need to connect it to this application. Either scan the QR code, or generate code from within the app and enter on the application form.

Follow the instructions in the app to verify your BRP/Passport:

Use the same document you used to create your UKVI account. It must be a document that carries the biometric chip symbol:

The app will prompt you to take a photo of the document. The full page/document must be inside the frame. Make sure your phone camera is focussed on the text. The app will tell you once the document has been captured/recognised

When the app prompts you to “check you document’s information”, you should place the smartphone on top of the document and press “check now”. This is to allow the app to read your document’s biometric chip. If it doesn’t work at first, try moving the app around your document. The app will confirm when this has been successful.

Finally, the app will ask you to scan your face. Hold your device’s camera in front of your face until the scanning is complete. You can skip this step and provide different evidence to prove your identity if a flashing light may cause you difficulties.

You may also be asked to take a photo of yourself. You must face forward, looking straight at the camera., have your eyes open and visible, and be in clear contrast against a plain, light-coloured background. You should ensure you do not have hair in front of your eyes, a head covering (except if for religious or health reasons), anything covering your face, any shadows on your face or behind you, or any other objects or people in the photo.

Once you’ve completed the process, the app will confirm this. Return to your application, where you should now be able to continue with all of the other steps and questions.
