For applications made outside the UK.

Part 1: Registering an account

**UNIVERSITY
OF WARWICK**

Select a country to provide your biometrics

To complete your application, you must provide your biometrics (fingerprints and a facial photograph) unless the route you are applying on does not require them, for example you are exempt from immigration control. This usually means attending a visa application centre (VAC).

You must choose the country where you want to provide your biometrics. This will usually be the country you are in now. If there is no VAC in your chosen country, you can choose an alternative location.

If you cannot provide biometrics at any location, or the route you are applying on does not require you to provide them, you should still choose a location. We will then tell you what to do next.

Country name

Select the country where you will provide your biometrics – this should be a country you are a national of, or a country where you hold a valid residence permit.

Check available visa application centre locations

To check the availability of services at your preferred application centre you can find more information by visiting the website of our commercial partner [VFS Global](#) who operates our centres around the world.

You can find all VAC locations by checking the '[Find a visa application centre](#)' page on GOV.UK. They are also listed on our commercial partners' websites.

Once you have confirmed your location you will not be able to change it.

There may not be a VAC in your preferred location. Try an alternative location if this is the case.

You must select a location even if you believe you are unable to provide your biometrics at any location.

China

I have identified the location I will submit my application and provide my biometrics, if required for the permission I am applying for (or I am unable to provide my biometrics at any location).

I want to choose a different location.

Important

This visa will be refused for specific nationalities from 12:01am on 26 March.

[Check if your nationality is affected before applying.](#)

This warning refers to the visa brake introduced by UKVI which affects nationals of certain countries. Please click the link shown for more information and contact us if you are concerned this may apply to you.

Visit the link to see the centre options for your country. Select where you will provide your biometrics and then confirm you've chosen a centre. If there is not a suitable centre where you are, then you can opt to provide your biometrics in another country and should select 'I want to choose a different location' to search for an alternative.

My application for a visit visa was refused due to insufficient funds. I applied again with new evidence and my visit visa was granted.

Give details of the immigration issue you encountered one country at a time – they’ll be an opportunity to add more if necessary.

UCAS details

Did you apply for your course through UCAS?

☐ Yes ☒ No

If you're a Postgraduate student, you won't have used UCAS, so answer no.

Academic Technology Approval Scheme (ATAS)

Students of certain sensitive subjects, knowledge of which could be used in programmes to develop weapons of mass destruction or their means of delivery, will need to apply for an ATAS certificate before they can study in the UK. You can [find out if you need an ATAS certificate here](#).

Do you need to obtain permission from the ATAS?

☒ Yes ☐ No

What is your Academic Technology Approval Scheme (ATAS) reference number?

This is the reference number on the ATAS clearance certificate issued to you by the Foreign and Commonwealth Office.

Applicants to certain postgraduate courses in science and technology require prior clearance from the FCDO before a visa application can be submitted.

If this applied to you, it would have been a condition of your offer, and you would've provided an ATAS certificate to your admissions team before your offer was made unconditional. If this is the case, select yes and provide the reference number on the ATAS certificate.

If you're applying for further leave to continue a course which required ATAS, then you'll most likely require fresh ATAS clearance and should obtain this before making your visa application.

If this does not apply to you, check no.

Future official financial sponsor

Will you be receiving money from an official financial sponsor for your continuing studies?

☐ Yes ☒ No

[What is an official financial sponsor?](#)

prove this?

- ☐ My Student sponsor has confirmed this information on my CAS
- ☐ Letter of official financial sponsorship
- ☐ I am not being wholly sponsored

Examples of an official financial sponsor include the UK Government or your home Government, a university, or an international company or organisation. Examples of support may include a scholarship, internship, fellowship or training programme.

If you're receiving money from any of these bodies, answer yes.

You'll then need to confirm whether you're being wholly sponsored or not – wholly sponsored means that your financial award covers all your tuition fees and living costs.

If you're being wholly sponsored by Warwick, then this will usually be stated on your CAS – check if you're unsure; other scholarship agencies will issue an official letter, in which case select that option. If your award will not cover all fees and living costs, select the last option 'I am not being wholly sponsored'.

If you're not getting any money from an external agency, answer the initial question no.

Accommodation payments

Have you or your parent(s)/legal guardian(s) already paid any money to your sponsor for accommodation?

This does not include money paid to a private landlord or housing organisation. Read the [Student Visa guidance](#) to understand how much of this will count towards your maintenance requirement.

☒ Yes ☐ No

How much has been paid?

£

How can you prove this amount has been paid?

☒ My sponsor has confirmed this information on my CAS
☐ Receipts

This question refers to Warwick-managed accommodation only. If you are not in campus or other Warwick-managed housing, or if you are, but have not made any payment to the University towards this, answer no.

If you have paid some money towards the University for accommodation, answer yes and indicate how much.

Warwick finance do not usually issue receipts, so all payments made towards University-owned and managed accommodation is update to your CAS.

If you've made a payment but it is not yet showing on your CAS, we advise waiting until it has been updated before submitting your visa application.

You can offset a maximum of £1,529 paid to the University for housing and showing on your CAS, against the total sum you are required to evidence for maintenance (if your nationality requires it). This is the most you can deduct from your financial evidence, even if you have paid more than this to the University for accommodation.

Course fees

What are your course fees for your first year?

If your course is shorter than 12 months, state the total course fee. This information is on your Confirmation of Acceptance for Studies (CAS) statement. Alternatively, you can contact your sponsor for this information.

£

Have you or your parent(s) or legal guardian(s) already paid any of your course fees?

Please select No if your course does not have a fee.

☒ Yes ☐ No

How much has been paid?

£

How can you prove this amount has been paid?

☒ My sponsor has confirmed this information on my CAS
☐ Receipts

Refer to your CAS for this information and ensure the details you enter in the application match those on your CAS.

If you are in extension and no fees are due, if you have paid all your fees, or if you are in receipt of a scholarship that covers all your tuition fees and this is confirmed on your CAS, enter £0 as your course fees and select no for the following question.

If your CAS shows course fees, then enter the appropriate sum.

If no payments have been made towards your tuition fees, then answer no, otherwise select yes and confirm how much has been paid.

Warwick does not issue receipts, so indicate that the payment has been included on your CAS. If you have made a fees payment and your CAS has not yet been updated to reflect this, we suggest you do not submit your visa application until you've had email confirmation from Student Finance that your CAS has been updated.

Any money showing on your CAS as paid towards tuition fees can be deducted from your total maintenance requirement.

Student Loan

You must show that you have enough money to cover your course fees, and living costs for you and any dependants [Read the guidance](#) to find out how much money you need to show and what documents you can use as evidence.

Are any of the funds required for this application in the form of a student loan?

☐ Yes ☐ No

Please read the UKVI guidance linked to before answering this question as there are strict regulations regarding the use of student loans to meet UKVI requirements, then answer yes or no as appropriate.

If you are in receipt of an acceptable student loan, you'll be asked if you have already received the funds.

Maintenance funds

You must show that you have enough money to cover your course fees and living costs. [Read the guidance document](#) to find out how much money you need to show and what documents you can use as evidence.

Are all of the maintenance funds required for this application in a bank account with your name on it?

☐ Yes ☒ No

Are you relying on money held in an account under your parent(s) or legal guardian(s) name?

☒ Yes ☐ No

Do you have permission from your parent(s) or legal guardian(s) to use this money?

☒ Yes ☐ No

How can you prove they are your parent(s) or legal guardian(s)?

- ☒ Birth certificate
- ☐ Adoption certificate
- ☐ Court document

Nationals of certain countries are required to show that they have sufficient funds to cover tuition fees and living costs, sometimes referred to as maintenance.

UKVI set the maintenance requirement as £1,171, per month of study, to a maximum of nine months, so £10, 539 total per full academic year. From this total you can deduct any money paid towards fees and a maximum of £1,529 paid to the University for housing, which is confirmed on your CAS.

If you're in receipt of a scholarship, or you'll evidence your funds in a bank account of your own, select yes.

If you're using funds in a parents account, answer no, and confirm that you have their permission to do so. To evidence this, you'll need a letter from the account holder confirming their relationship to you and that they consent to you using their money to fund your studies in the UK. You'll also need your birth certificate and an appropriate translation if the document is not in English.

You can only use funds from a parent of court appointed legal guardian, no other family members, and the money must be in a personal account, not that of a company or business.
