Global Sustainable Development

Year 12* Essay Competition

Winners will receive £50 cash prize and the opportunity to spend a workshop day at Warwick University

Submit one essay of 1500-2000 words on one of the following titles:

- As the negotiations around Brexit are ongoing, what issues of Sustainable Development should our leaders be concerned with?

- “The expression ‘Think Global Act Local’ offers the best guidance to achieving Global Sustainable Development”. Discuss.

- To what extent is Global Sustainable Development primarily about how we manage environmental resources?

Deadline for competition is 11.59pm March 30th 2018.

The United Nations defines Global Sustainable Development as “development that meets the needs of the present without compromising the ability of future generations to meet their own needs”.

The world’s population is predicted to grow from six to ten billion between the years 2000 and 2050, with the next few decades predicted to witness significant transformations in economic growth, international relations, human development, biodiversity, human health, and social justice. Our ten Global Sustainable Development degrees equip you with the expertise, skills, and knowledge that enable you to contribute meaningfully to the debates about these big problems, so that you can make a real difference to the world.
