Preparing
Accommodation

Study:

• Your host will send information in your application pack. It might be that they are a:
  • Campus University and work in the same way as Warwick (mainly outside of Europe)
  • City University and have different types of accommodation (mainly within Europe)
    • an international House
    • private rentals (the University will direct you to the 3rd party for this)
      • think about what you want from your living space

Work:

• Speak to your host, see if they have any ideas about accommodation and can support you with this
SIGNING a private contract needs the same checks as in the UK, but remember it might be in another language, think about what you are signing.

WATCH out for scams: sometimes houses don’t exist don’t pay anything until you are sure.

TIME: make sure you give yourself enough time to find your housing.

SPEAK to students on placement or just returned to get the best information about your destination – visit (if its possible) to see the area for yourself.
Tuition

https://warwick.ac.uk/services/academicoffice/finance/fees/ugtuitionfees2017/

- No tuition fees to your host
- Reduced fees to Warwick

The 2018/19 year abroad fees for 2017/18 entry students are not yet confirmed. The University expects to increase fees in line with any inflationary uplift as determined by the UK Government, if permitted by law or government policy. It is anticipated that such increases will be linked to RPI (the Retail Price Index excluding mortgage interest payments).

Overseas Band 1 — classroom-based courses, including Humanities and most Social Science courses
Overseas Band 2 — includes laboratory-based courses, plus Theatre and Performance Studies, Economics, and courses provided by Warwick Business School, with exceptions
Funding

• Eligibility for funding and bursaries does not change because you will be abroad

• Apply as normal and make sure that you meet the Funding Companies deadline dates

• Warwick’s student finance team informs the funding companies who will be going abroad for the coming academic year, they include Host institution term dates

• If the Host academic year starts more than a month before the Warwick academic year, the funding company will try to make payments earlier, for all other students payments will be made in accordance to Warwick's academic year

• Early payments are NOT GUARANTEED and we advise that alternative arrangements are made to cover the time between the start of your placement and receipt of funding
If you are currently being sponsored for your degree for instance by a government scholarship or an Institutional/Company sponsorship; other kinds of bursaries, you MUST check the terms of your funding.

Not all schemes allow you to undertake study abroad
Student Finance

Student Finance

1. Overview
You may be able to borrow money to help pay for university or college tuition fees and to help with living costs.

You might get extra money on top of this, for example if you’re on a low income, are disabled or have children.

Before you apply

Studying abroad: travel grants for students (England)

1. Overview
You may get a grant to cover some of your travel expenses if you normally live in England and:
- you’re studying abroad as part of your course, or on an Erasmus study or Erasmus work placement
- you’re a medical or dental student studying abroad or attending a clinical placement in the UK

You don’t have to pay back a travel grant. There are rules on eligibility and how much you’ll get.
