Internship to be filled in France (Bordeaux – South of France) Reporting to: HR Generalist

Department : Human Resources Starting date of contract: from February-March 2020 (duration is to be discussed – 6 months max.)

Saft Bordeaux plant gathers around 700 employees, working in a variety of different fields, including electrochemistry, electronics and mechanical engineering and support roles in human resources, research and finance etc. Evolving in an international environment, with international teams and customers, plus the development of our facilities in the USA, English has become key to our organisation.

The objective of this internship is to enable our employees to improve and develop their ability to speak, understand and write in English. This includes: face to face discussions, grammar reminders, day-to-day and technical vocabulary, reading, phone conversations, etc. both one-to-one and in small groups of 2.

Requirements:
- English student in Modern languages, willing to practice teaching English to employees as part of his/her degree
- Demonstrate knowledge/experience in teaching
- Demonstrate creativity
- Knowledge of French
- Organised, analytical, disciplined, energetic and have a "can do" attitude.

You would remain under a student status through an internship agreement, signed by your University, our company and yourself. You would be entitled to 35 hours training/week, for which you would receive 1000€/ month.

Duration: from 4 months up to 6 months.

About Us:

Saft is a world leader in the design and manufacturing of high-tech battery systems for industrial applications; for use in space, aeronautics, telecom, transportation and defense. Saft has become a world leader by doing what we do best and by bringing all our skills to bear on a common goal. Saft consists of over 4,000 dedicated professionals worldwide - each with different technical backgrounds, united by a unique Saft spirit emphasizing technical excellence, teamwork and customer satisfaction. Join our innovative team!
