Credit:

Thank you to Corinne Muir for sharing her dissertation on developing a traffic light system to monitor the condition of ecologically important greenspaces; the list of habitats and species has been taken directly from this.

Image ownership:

- All butterfly photos (except Large White) are used courtesy of Butterfly Conservation Warwickshire.
- All bird photos (and Large White Butterfly) are taken from Arkive.org and copyright is shown on the individual images
- The exceptions are taken from Wikipedia: Coal Tit (by Aviceda), Long-tailed Tit (by Dave Croker) and Nuthatch (by Smudge 9000).
