Fri June 5th 7:00 pm - 11:00 pm (BST)

POST PANDEMIC POLLUTION

Spotted on the entrance of the footpath at Chesterton Windmill, Leamington Spa

There have been widespread cases of littering since the easing of Coronavirus lockdown restrictions. Read full article [here](#).

If you are visiting public spaces and there are no proper bins or bins are full please take your rubbish home with you & encourage others to do the same.

HOW TO BUILD A BUG HOTEL

Activity time: Less than 2 hours

Suitable for: Balcony/roof & gardens

To help: Hedgehogs, Frogs, Toads, Newts, Bees, Creepy Crawlies, Dragonflies, Damselflies & small mammals

1. Choose a level ground in sunlight or light shade.
2. Set the basic structure using bricks or wooden pallets.
3. Fill in the gaps according to what bugs you'd like to host.
4. Add a roof: use old roof tiles or some old planks.

Step by step guide and a how-to video on building a bug hotel [here](#).

The Pollinator Monitoring and Research Partnership (PMRP) aims to establish how insect pollinator populations are changing across Great Britain. [Find out](#) how you can take part and help them track changes in pollinator numbers.
