

1 Resonate

Resonate is the University of Warwick's free programme of events and activities that take place across Coventry and Warwickshire, as well as on the university campus.

YOUR CHALLENGE: Can you find your way through the Resonate maze?

ENTER

EXIT

Resonate events and activities, and the events and activities of others that we share and support, are designed to create safe and inclusive engagement opportunities for people of any background and experience, and find out about all kinds of subjects.

These engagements encourage curiosity, communication and collaboration through the sharing of ideas, knowledge and experiences.
