

# 5 The Social Sciences

Social Sciences are subjects related to society, relationships and the behaviour of people that focus on how people interact, behave and influence the world.

**YOUR CHALLENGE:** Can you use the cipher to find the social science subjects hidden below? There are 3 different ciphers - make sure you're using the right one!

C1   X   Q   O   E   J   A   O   O   &   A   Y   K   J   K   I   E   Y   O  
        &

C2   K   G   U   A   G   D   G   Y   Q   &   H   G   D   A   L   A   U   K  
         &

C3   D   V   W   Z   C   G   C   D   V   M   &   Z   O   K  
          &

In this final challenge, you have to work out what cipher has been used before you can find the answer (hint - each cipher has only been used once!)

??   S   R   I   Q   O   H   W   C   B   ,   H   A   W   N   J   E   J   C   &  
          ,         &  
 U   G   E   E   M   F   A   U   S   L   A   G   F

Research in the social sciences helps us to understand people, to manage issues that people have, and to make better decisions that improve the world for all of us.
