

Favourite Author Banner

Parade Saturday 28th June

The plan is for all schools to make at least one banner that names and illustrates your favourite childrens author. You have free choice how this is made. The banner will be supplied.

Step 1 - Decide on your Author and find an appropriate font to write the authors name - the easiest way to ensure consistency and that the words fit, are to choose a font from the website dafont.com, download, type the name in word or powerpoint, project the name onto the white board, tape the banner to the white board and and get students to draw around the letters.

dafont.com

Step 2 - colour the letters, this can best be done using paint, felt tips, ink or fabric dye. It needs to be visible from a distance so make it bold.

Step 3 - illustrate around the name. What could you add to your banner that illustrates what the author write about? You could draw characters from the books, or just add pattern. Don't attach anything too heavy as the banner is a fairly light material. Enjoy!
